SPECIAL TOWN MEETING

JANUARY 8, 1965

The meeting was called to order at 8:00 p.m. by Moderator Andor de Jony followed by the reading of the warrant and the Constable's return thereon by Town Clerk Lionel R. Trudeau. There being more than 100 voters present, the quorum required by the Town By-laws was established.

ARTICLE 1. To see if the Town will vote to raise and appropriate an additional sum of money for the construction, original equipping of the proposed new fire-police station, located on Mechanic Street site voted in Article No. 1 of Special Town Meeting held October 13, 1964 and determined to raise said amount from the current tax levy, available funds in the Town Treasury, Borrowing, and from Federal grants, if any, or by any combination thereof; or anything in relation thereto.

(By Fire-Police Station Committee)

Voted: Motion on this article did not carry.

ARTICLE 2. To see if the Town will vote to authorize the Combination Fire-Police Station Committee, appointed under authority of Article No. 1 of Special Town Meeting held October 13, 1964, to fill the present vacancies on said committee and any future vacancies that may occur; or act or do anything in relation thereto.

(By Fire-Police Station Committee)

Voted: That the Town authorize the Combination Fire-Police Station Committee, appointed under authority of Article No. 1 of Special Town Meeting held October 13, 1964, to fill the present vacancies or future vacancies on said committee, by placing another member of the same department in which the vacancy exists.

(Recommended by Finance Committee)

ARTICLE 3. To see if the Town will vote to accept the provisions of Chapter 40, Section 7 of Massachusetts General Laws Annotated; and that the funds expended come from the Highway Department Snow Removal and Sanding Account; or act or do anything in relation thereto.

(By Board of Selectmen)

Voted: Tabled

Warrant dissolved 10:00 p.m.

A true copy.

ATTEST: Lionel R. Trudeau

Bellingham Town Clerk

WARRANT FOR ANNUAL TOWN ELECTION AND MEETING 1965

The Commonwealth of Massachusetts

Norfolk, ss.

To either of the Constables of the Town of Bellingham in the County of Norfolk Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in Precinct No. 1, North Bellingham Community House in Precinct No. 2, and the Murray Memorial Building in Precinct No. 3, in said Bellingham on Monday, the 1st day of March 1965, at 10:00 o'clock a.m., for the following purposes:

To bring in their votes upon one official ballot to the election officials for the following Town Officers:

One Selectman	for a term of three years
Tax Collector	for a term of one year
Town Treasurer	for a term of one year
Tax Assessor	for a term of three years
Two School Committee Members	for terms of three years
Moderator	for a term of one year
Three Welfare Board Members	for terms of one year
One Planning Board Member	for a term of five years
One Water Commissioner	for a term of three years
Tree Warden	for a term of one year
Two Library Trustees	for terms of three years
One Cemetery Committee Member	for a term of three years
Four Constables	for terms of three years

Polls will open at 10:00 a.m. and close at 8:00 p.m.

And also meet at the Junior-Senior Memorial High School Auditorium in said Bellingham on Friday the twelfth day of March next, at 8:00 p.m., then and there to act upon the articles of the warrant.

(Recommended by Finance Committee)

ARTICLE 29. To see if the Town will vote to authorize the Board of Water Commissioners to acquire by purchase or otherwise a certain tract of land located on the easterly side of Nason Street in the gravel-packed well to be used in the operation of the Town water supply system, said tract having been approved by the Massachusetts Department of Public Health as being a well field with a proper source of water supply, and to see if the Town will vote to raise and appropriate a sum of money for said purpose; or act or do anything in relation thereto.

(By Water Commissioners)

Voted: That the Town acquire by eminent domain a certain tract of land located on the easterly and westerly side of Nason Street and Taunton Street, in the northerly part of Bellingham for the construction thereon of a gravel-packed well to be used in the operation of the Town water supply system, said tract having been approved by the Massachusetts Department of Public Health as being a well field with a proper

source of water supply; and to raise and appropriate the sum of \$14,000. to be held in escrow for said purpose; said sum of \$14,000. to be raised from Surplus Revenue; and said acquisition to be subject to the approval of the Selectmen.

Secret ballot vote on above: YES 142; NO 26; Total votes cast 168
2/3 being 112, the motion carried.

Description of lot for Well Site as follows:

A certain lot or parcel of land located in North Bellingham in Norfolk County, State of Massachusetts. Said property being on the easterly and westerly side of Nason Street and Taunton Street described as follows;

Beginning at a point of intersection on the easterly line of Nason Street and the southerly line of Donna Road as shown on plan No. 823-1960 Plan Book No. 209, recorded in the Norfolk County Registry of Deeds, Dedham, Massachusetts.

thence; southerly with the easterly line of Nason Street about 100 feet to the southwesterly corner of lot No. 33 as shown on said plan mentioned above.

thence; S 74 degree -21'-51" E bounding southerly by lots 32 and 94 about 213 feet to the north easterly corner of lot 94.

thence; S 15 degree -38'-09" W bounding westerly by lot 94 100 feet to the northerly line of Clarence Road.

thence; Continuing with the same course and crossing Clarence Road 40 feet to a point on the southerly line of Clarence Road.

thence; S 74 degree -21'-51" E 27.90 feet to a point of curve.

thence; Easterly with the southerly line of Clarence Road with a curve to the left having a 4655.28 foot radius 90.08 feet to the northeasterly corner of lot 93.

thence; S 14 degree -31'-37" W bounding easterly by lot 92 91.81 feet to an angle. Said angle point being the southeasterly corner of lot 93.

thence; S 13 degree -02'-09" E bounding easterly by land now or formerly Nason et al. 140 feet to an angle.

thence; S 49 degree -14'-35" W bounding southerly in part by Nason et al. land to Taunton Street and crossing Taunton Street bounding southerly in part by land now or formerly Edward H. and Kathryn Garriepy for a total distance of 401.96 feet to an angle.

thence; S 76 degree -57'-51" W to a corner.

Said last course being bounded southerly by land now or formerly of Varney Bros.

thence; N 13 degree -02'-09" W bounding westerly by Varney Bros. 800 feet to a corner.

thence; N 76 degree -57'-51" E bounding northerly by said Varney Bros. land about 664 feet to the westerly line of Nason Street.

thence; Easterly crossing Nason Street 40 feet to the place and point of beginning. Said parcel containing 14 acres more or less.

(Recommended by Finance Committee)

ARTICLE 30. To see if the Town will vote to raise and appropriate a sum of money for the construction of a gravel-packed well in a well field located on the easterly side of Nason Street in the northerly part of Bellingham, said well to be used in the operation of the Town water supply system, and said construction to include connecting water mains, building for pumping station and pumping station equipment; said sum to be borrowed in accordance with Clause 5 of Section 8, Chapter 44, General Laws; or act or do anything in relation thereto.

(By Water Commissioners)

Voted: That the Town raise and appropriate the sum of \$62,000. for the construction of a gravel-packed well in a field located on the easterly side of Nason Street in the northerly part of Bellingham, said well to be used in the operation of the Town water supply system, and said construction to include connecting water mains, building for pumping station and pumping station equipment; said sum of \$62,000. to be transferred from Surplus Revenue.

(Recommended by Finance Committee)

Secret ballot vote on above: YES 137, NO 23, total votes cast 160. Majority being 81, the motion carried.

ARTICLE 31. To see if the Town will vote to raise and appropriate a sum of \$3600. to purchase two new police cruisers and the present two cruisers are to be traded in to replace same; or act or do anything in relation thereto.

(By Selectmen)

Voted: Unanimously voted that the Town appropriate the sum of \$3,000. to purchase two new police cruisers, and the present two cruisers to be traded in; said sum to be raised by transfer of \$3,000. from Free Cash.

(Recommended by Finance Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$1630.47 for capital cost of the Blackstone Valley Vocational Regional School District, being the Town's proportionate share of the interest payment to become due in the current year on bonds of said District; or act or do anything in relation thereto.

(By Selectmen)

Voted: Unanimously voted that the Town raise and appropriate the sum of \$1630.47 for capital costs of the Blackstone Valley Vocational

Regional School District, being the Town's proportionate share of the interest payment to become due in the current year on bonds of said District. (Recommended by Finance Committee)

II. PHYSICAL EXAMINATIONS

June 30 Boy Scouts

Respectfully yours,

THOMAS P. DePALO, M.D.

REPORT OF THE DEPARTMENT OF PUBLIC WELFARE

The forecast in the report of the Board of Welfare in the 1964 report that the cost of Public Assistance would increase as the population of Bellingham increased, was substantiated when the final figures were compiled for this Department. The total cost of all categories for 1964, (exclusive of the cost of administration and without reflecting reimbursements from the Federal and State Government), was \$152,042.60 as compared to \$174,305.24 in 1965.

This however, was not as great an increase as was anticipated and resulted in a substantial amount being turned back to the Town from the Public Assistance Town Account. Following is a breakdown by categories of the total expenditures.

OLD AGE ASSISTANCE

Total Expenditure	\$66,766.04
Federal Reimbursement	37,828.17
Balance	\$23,937.87
State Share	18,826.41
Local Share	\$10,111.41

MEDICAL AID FOR THE AGED

Total Expenditure	\$41,026.08
Federal Reimbursement	20,273.15
Balance	\$19,752.93
State Share	13,061.71
Local Share	\$ 6,691.22

AID TO FAMILIES WITH DEPENDENT CHILDREN

Total Expenditure	\$42,011.60
Federal Reimbursement	19,507.00
Balance	\$22,504.60
State Share	12,369.22
Local Share	\$10,135.33

DISABILITY ASSISTANCE

Total Expenditure	\$11,962.47
Federal Reimbursement	5,074.50
Balance	\$ 6,887.97
State Share	2,987.35
Local Share	\$ 3,900.62

GENERAL WELFARE

Total Expenditures	\$13,284.38
(of which the State will reimburse 20%.)	

ADMINISTRATION

Salaries	\$17,334.19
Office Administration	2,252.84
Capital Outlay	1,150.75
Total	\$20,737.78

Federal Reimbursement	11,892.83
Balance	\$ 8,844.95
State Share	3,885.40
Local Share	\$ 4,959.55

To recapitulate, the figure used for Federal and State reimbursements above is based on advice of audits that approve the amount due to be reimbursed to the Town, and not necessarily the amount already received. Federal Grants are current as they are paid on an advance basis. In the case of State reimbursements, in the categories of Old Age Assistance, Medical Aid for the Aged and Disability Assistance, they are two months in arrears, and Aid to Families With Dependent Children, eight months in arrears.

To again appraise the Taxpayers of what the future holds in store, the following information is submitted.

Medical Aid for the Aged will no doubt decrease in cost due to the effect of the new Medicare Program effective July 1, 1966, which will take care of the majority of the costs of medical aid for our senior citizens and result in very few new cases.

Old Age Assistance will continue on the decline in case numbers, due to increased benefits under Social Security, but net cost of those already on will remain static or increase due to legislative action to increase various allowances.

Aid to Families with Dependent Children will continue to rise in numbers and costs due to amendments to the Social Security Act which has broadened the scope of services to these families, and the continuing rise in population of Bellingham, particularly in the younger married age group.

DISABILITY ASSISTANCE will remain fairly static in costs and cases, unless there is a tremendous increase in temporary disability cases due to prolonged illness or serious accidents.

General Welfare being in most cases for people in need of temporary assistance, the cost will remain approximately the same.

In respect to the office staff, at present it consists of the Director, William E. Quirk, and Clerk-Typist, Jeannette Fleury, both permanent Civil Service Employees. There is at present, a vacancy for a permanent Social Worker. (And we may add, future regulations will require an additional Social Worker because no Social Worker will be required to carry over 60 cases.) In the past year, both Social Workers, Mr. Lawrence Catusi and Mr. William F. Lavalley, resigned to accept higher positions.

The Board of Public Welfare and office staff wish to express appreciation for the cooperation received from all other Departments, The Clergy, Fraternal and Civic Organizations.

THOMAS E. NICHOLSON, Chairman

HUBERT P. LAVALLEE

HENRY FORGET

WILLIAM E. QUIRK, Director

REPORT OF LIBRARY TRUSTEES FOR 1965

The year 1965 has shown, again the ever increasing use of the Public Libraries by the townspeople and students. The Trustees feel, they can best meet the increasing needs and demands with the following additional hours.

HOURLY SCHEDULE

CENTER:	Mon. thru Fri.	7-9		
	Thurs. and Fri.	12-4		
	Sat.	1-4		21 Hours
SOUTH:	Mon.	12-3		
	Wed.	12-4		
	Fri.	1-8		
	Sat.	1-4		17 Hours
NORTH:	Thurs.	12-2		
	Fri.	12-4	7-9	8 Hours
				<hr/>
				46 Hours

The Board received with regret the resignation of Mrs. Margaret Forte, Head Librarian and Mrs. Barbara Volk, North Branch Librarian. The Trustees wish to take this opportunity to commend them on their years of devoted service.

This year the main library saw the installation of a new heating system, telephone service and a new front door. With this major project now complete it will enable us to open the new Juvenile Room and provide the necessary service for the youngsters in our community.

The application for a 1965 state grant for public libraries, submitted by the Board of Trustees met all the requirements of public library service and the minimum standards promulgated by the Board of Library Commissioners for participation in the grant program. Therefore, the Town of Bellingham received a 1965 state grant of \$1,693.50.

All parents should be reminded that they are responsible for their children's overdue and lost books. Children below the second grade will not be allowed to borrow books, although parents, themselves, may borrow books for them. Due to the increased hourly schedule all library patrons are allowed to borrow up to three books per library card. Books can be borrowed for a two week period and may be renewed either in person or by phone for another period of two weeks.

Because of the tremendous increase in population, which has created a heavy burden on all the libraries, we, the Board of Trustees, wish to thank our staff of Librarians and their young assistants; our janitorial service; all those who contributed books; and anyone whose efforts were of assistance. It is through the dedication of the Librarians and the interest of the residents that a Library can best meet the ever increasing needs and demands. The Trustees feel, indeed, fortunate that this holds true in Bellingham.

REPORT OF THE ZONING BOARD OF APPEALS

January 10, 1966

To the Honorable Board of Selectmen and the Taxpayers and
Citizens of Bellingham:

Building construction has fallen approximately 15% below the previous year of 1964, according to the permits issued. This does not mean that actual construction on a smaller scale has declined; the drop in permits issued has been to the large developers in town.

I wish to inform our citizens, that it is required to have a Zoning Permit to build in accordance to our Zoning-By-Laws, section 8, A paragraph 1. No building or structure shall be erected, externally altered, altered for a change of use, or moved in location unless a permit is issued. Infractions of this paragraph are violations and violators can be penalized under section 4, paragraph A & B of the Zoning-By-Laws.

Building Permits issued in 1965 were as follows:

Commercial	7
Commercial additions	3
Dwellings	141
Dwelling additions	47
Carports and Garages	16
School	1
Fire and Police Station	1
Stable	1
	<hr/>
	217

The revenue to the town was the sum of \$2,602.30.

Your help is appreciated and I wish to thank all town boards and officials for their cooperation.

Respectfully submitted,

Zoning Agent

J. EUGENE CORRIVEAU

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen:

In the year 1965, seventy-five (75) different types of trees had to be cut down and removed. They are as follows; 43 oak, (of all different types) 22 elm, 5 pine and 5 birch.

Trimming was done on the following town streets. Paine, Locust, Blackstone, Lake, Maple Farm Park, Pulaski Blvd., and Hartford Ave.

There are an indefinite number of trees to be removed and also much trimming to be done in the following year to come.

I wish to thank the Board of Selectmen and all those concerned for their cooperation.

Respectfully submitted,

Sylvio Dolpe

Tree Warden

REPORT OF THE BOARD OF WATER COMMISSIONERS

Report of the Board of Water Commissioners to the Citizens of the Town of Bellingham for the annual report.

Citizens of Bellingham from the Board of Water Commissioners would like to take this opportunity to inform the taxpayers of our problems of 1965 and our intentions for 1966.

Whereas we are a complete new Board, we find the job of Water Commissioner very interesting, complex and challenging. We have instituted many changes since we have been in office the past year. These changes were made solely in the interest of the taxpayer. We have found many former policies to be unjust to the majority and in some instances very selective to the minority.

Our intentions for the forthcoming year will be to continue doing what we feel is just to all taxpayers.

We are doing our utmost to speed construction of the new well off Nason St. also, plans to continue search for sufficient water supply, storage and distribution.

At this time we, would also solicit the support of the taxpayers in promoting the growth of the water dept. to sufficiently meet the demands of the evergrowing population.

Solving Bellingham's water problems can not be done in a short period of time. We invite any constructive criticism or suggestions any taxpayer may have which would enable us to improve this Dept.

The Board feels at this time that the Town can no longer do without water meters. It is imperative that metering be re-instated at once to provide for adequate distribution and conservation in the year 1966.

We would sincerely hope that the public has been sufficiently educated to the critical necessity of acquiring additional water sources. Whereas a previously tested site is available we, the Board solicit your support in acquiring this land necessary for continued development of the water supply system.

We, wish to thank the citizens of Bellingham for the opportunity of serving you.

Board of Water Commissioners

Thomas B. Heavey

Paul St. George

Charles Haley Jr.

Thomas Heavey, Chairman - Elected March 1965 for 3 years.

Paul St. George - Appointed October 1965

Charles Haley Jr. - Appointed November 1965

One bond issue was authorized in 1965 for the purchase of a 750 gallon pumper. This bond issue will be sold in early 1966.

The borrowing of \$65,000.00 authorized for the new Fire-Police Station was done under State House notes at the very favorable interest rate to the town of 3.00%.

Interest in investments made by your Treasurer during 1965, total \$16,926.84 in added revenues to the town.

I am pleased with the privilege of again serving the citizens of Bellingham. I welcome all recommendations for improvements, and all records under my control are available for inspection.

Respectfully submitted,

EDMOND E. GENTES

Town Treasurer

ANNUAL REPORT OF THE PLUMBING INSPECTOR

Town of Bellingham

Board of Selectmen

Dear Sirs;

I herewith submit my annual report as plumbing and gas inspector for the period from January 1 to December 31, 1965.

I issued the following permits:

242 plumbing permits	totaling \$ 1460.50
143 gas permits	totaling \$ 357.50

I wish to thank the Board of Selectmen for their splendid help and cooperation in administering these vital rules of health, safety and sanitation. I also wish to thank Mr. Paul St. George for his help and cooperation as assitant plumbing inspector.

Very truly yours,

THOMAS B. HEAVEY

Plumbing Inspector

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen and Citizens of Bellingham:

Herein is the report of the Bellingham Planning Board.

During the year 1965, the PLANNING BOARD approved the following Subdivisions:—

Lemire Court	off Wrentham Road	10 lots
Brookside Estates	Mechanic Street	37 lots
Dal-Mor Estates	off Paine Street	6 lots
Almo-Heights	Lizotte Drive	8 lots
Heritage Pines	off So. Main Street	15 lots

Work on the MASTER PLAN over the past year has consisted of revising the Subdivision Control Rules and Regulations which will be submitted to the town at a Public Hearing.

The drafting of a Town By-Law for the formation of a CAPITAL IMPROVEMENTS COMMITTEE will be submitted to the annual town meeting.

The ZONING REGULATIONS are at present under discussion with the intention to present a complete plan to the town in 1966.

In the last two years, the work load has increased from one (1) meeting month to the present weekly meetings. The purpose of these weekly meetings is to be able to devote more time to the planning for this rapidly growing town.

The Planning Board members have taken steps during the past year to enforce the Subdivision Rules and Regulations in order to insure the installation of adequate utilities.

The PLANNING BOARD wishes to thank the various Departments and individuals for their cooperation with the board in the past year.

Respectfully submitted,

FRANCIS J. PRIOR, Chairman

J. EUGENE CORRIVEAU

ROBERT M. CHASE

JOAN M. GIARD, Clerk

REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen

Gentlemen:

In 1965 the Industrial Development Commission contacted over 150 companies in a concerted effort to attract new industry to Bellingham and was responsible for location of the Roaring Brook Spinning Corporation and the H. Werner and Son's Corporation in the former Packard Mill.

Surveys of existing vacant plants were conducted for the Massachusetts Department of Commerce and Development for inclusion in the Department's publication. Advertising to promote industry in the town has been placed in the New York Times Economic Review.

New professionally designed signs, painted and erected by Bellingham firms, have been placed at the four major route entrances into Bellingham.

A brochure inviting industry to locate in Bellingham has been written and is waiting publication pending allocation of funds in the 1966 budget.

During the year the members of the Commission have met with other Development Commission Chairmen and their members. They attended a meeting at Dean Junior College concerning development of proposed Route 495 where the speakers were Governor Volpe and DPW Commissioner Francis W. Sargent.

We feel that the excellent progress made this year is a fine beginning toward the growth of industry in Bellingham and a broader tax base for its citizens.

Respectfully submitted,

ALAN C. BISHOP, Executive Director

JOSEPH G. CORTES, Chairman

WARREN STEARNS

GUY COTE

FERNAND CROTEAU

JOHN MORTON

TOWN COUNCIL ANNUAL REPORT

Board of Selectmen
Town Hall
Bellingham, Massachusetts
Gentlemen:

The Following is the Annual Report of Town Council
"To the Honorable Board of Selectmen

Gentlemen:

As Town Council I hereby submit my report for the year ending December 21, 1965.

Possible problems and issues did not diminish during 1965 but the requests for advise in anticipation of problems increased and in a direct ratio problems themselves decreased. It is my personal feeling that the greatest service a Town Council can render a Town is to eliminate problems before they occur and this can only be performed with the full cooperation of municipal employee's.

Therefore I should like at this time to express my gratitude to all officials, elected and appointed, and all citizen's of the Town of Bellingham who assisted me in the performance of my duties during the year 1965.

As required by section 3 of Article VII of the Town By-Laws the following is submitted:

Cases Settled:

Mooney et als vs. Delannoy et als, Norfolk Superior Court

Morton Schafer vs. Lionel Trudeau, Town Clerk, Norfolk Superior Court

Morton Schafer vs. Emile Niedzwiadek, Health Agent, Norfolk Superior Court

Massachusetts General Hospital vs. Town of Bellingham, District Court, Wrentham

Cases Pending:

City of Boston vs. Town of Bellingham, Welfare Assistance, Municipal Court, Boston

Eugene LaFranc vs. Town of Bellingham

Morton Schafer vs. Eugene Corriveau, Zoning Agent, Norfolk Superior Court.

Respectfully submitted,

LEE G. AMBLER, Town Council

REPORT OF THE BELLINGHAM CIVIL DEFENSE

To the Honorable Board of Selectmen;

I hereby submit the annual report of the Civil Defense since this Director has taken office in October, the following duties have been accomplished;

1. We have completed Standard and Advanced First Aid courses which was opened to the residents of the town under the direction of William Cummings.

2. We have a graduated Radiological Instructor who is now prepared to teach Radiological Courses in the near future.

3. There is a temporary Communication Center located at Denault's Garage at Pulaski Blvd. In this Communication Center, at the present time the following radios are in operations.

3a Citizens band base station with eleven mobile radios, five of these radios are owned by the Town and remainder belonging to Auxiliary Police personnel.

3b Radio tied in with the Bellingham Police Department.

3c State Police Monitor, required by State Civil Defense.

3d Six meter radio direct to Area State Civil Defense Headquarters in Milford.

3e There are two more radios being repaired at the present time which will be tied in with the Town Fire Department and the Town Highway Department, in that way the Communication Center will be connected with all protective agencies in the town.

The warning system for the town is at present inadequate and this situation we hope to remedy in the future.

We want to strive to continue our classes on "First Aid and family survival Self help programs".

We are going to attempt to have power at the Communication Center at all times by purchasing a generator to use in the event of power failure.

Unfortunately, Matching Funds are not available to us at the present time due to the fact that there is no building available in the Town adequate for a Civil Defense Communication or C. D. Center and with the continuing aid of our Town Fathers, we in Civil Defense feel certain that our goals, aims, purpose and accomplishments an adequate building will be found for this purpose, and eliviate this problem so that we may be on the Matching Fund Program.

There is unlimited work to be accomplished in the Civil Defense Field and I will do all in my power to improve the Civil Defense program in this town and be worthy of the appointment of Civil Defense Director.

Respectfully submitted,

VICTOR DENAULT, Director Civil Defense

ANNUAL REPORT BELLINGHAM AUXILIARY POLICE

To the Honorable Board of Selectmen:

The following is the current roster and ranks of the members of the Bellingham Auxiliary Police Force as of December 31, 1965.

To the Honorable Board of Selectmen:

The following is a report of courses taken and completed by members of the Bellingham Auxiliary Police Force during the year 1965.

Members who have completed the standard First Aid Course	3
Members who have completed the Advanced First Aid Course	2
Members who have completed the 32 hour Radiological Monitor Instructor's Course	1

Approximently 80% of the members of the Bellingham Auxiliary Police Force have taken and either completed the Standard First Aid Course or the Advanced First Aid Course.

The Riot Squad Course will commence under the direction of the Federal Bureau of Investigation in the early part of 1966 and 16 members of the Auxiliary Police Force have enrolled.

To the Honorable Board of Selectmen:

The following is a report of the activity of the Gun Committee performed during the year 1965.

As of December 31, 1965 there are twenty nine (29) weapons in the possession of members of the Bellingham Auxiliary Police of the thirty one (31) weapons on hand. All members who possess these weapons have permits issued for such.

There were two firing dates during the year 1965.

In the month of March, all members of the Auxiliary Police had a practice firing at the Albion Range in conjunction with the Albion R. I. CD Force. A total of 500 rounds were expended on this date.

On September 11, 1965 6 members of the Auxiliary Police Force had a practice firing at the Hopedale Rod & Gun Club range. A total of 650 rounds were expended on this date.

Further training in proper usage of weapons is planned for the coming year.

To the Honorable Board of Selectmen, Merchants and Taxpayers of Bellingham;

The Officials and Members of the Auxiliary Police wish to take this opportunity to thank the Board of Selectmen for their untiring efforts in the soliciations of funds from the Merchants and Organizations in the town to commemorate the 10th Anniversary of the Auxiliary Police by sponsoring a Dinner Banquet for the men and their wives.

We are grateful for this banquet and wish to also take this opportunity to thank all those who helped in some way make this an evening a memorable one for the members of the Auxiliary Police.

To the Honorable Board of Selectmen:

We at this time, would like to take this opportunity to thank the Board of Selectmen, Civilian Defense Director, Victor Denault; and Chief of Police, Euclide Fleurette for their splendid cooperation during the year.

FRANK SPAYD, JR.
Chief
Bellingham Auxiliary Police

FRANK W. BRYDA, JR.
Lt, Clerk
Bellingham Auxiliary Police

ANNUAL REPORT OF THE VETERANS' AGENT AND DIRECTOR OF VETERANS' SERVICES

To the Honorable Board of Selectmen and the Taxpayers of Bellingham:

As Veterans' Agent and Director of Veterans' Services for the Town of Bellingham, Massachusetts I herewith submit my annual report.

During 1965 cases of all worthy, needy and eligible veterans, their families and widows were taken care of to the satisfaction of all concerned, under the laws of Chapter No. 115 General Laws and Chapter No. 759 Acts of 1962 set forth by the Commissioner of Veterans' Services and the Commonwealth of Massachusetts.

Veterans' admitted to Veterans' hospitals in 1965	141
Veterans' bed days at Veterans' and Private Hospitals in 1965	4559
Hospital Visits	157
Papers Notarized	189
State House Contacts made in Veterans' behalf	77
Active and State settled cases during 1965	63
G. I. Loans	19
Pension Claims filed	44
Widow's pension claims (non service connected)	37
Widow's pension claims (non service connected) approved	35
Veterans' Administration contacts made in veterans interest	81
Veterans' to home for aid and information	2104
Application for Tax Abatements	92
Photostatic copies of records and vital statistics	287
Discharges and service records recorded	44
Attended Seminars and Schooling during 1965 (Clerk and myself)	

In conclusion I wish to thank the various elected Boards and Department heads for their cooperation and assistance during the year 1965 and would also wish to thank the Board of Selectmen for the privilege of having served the veterans' for my eighth consecutive year.

Respectfully submitted,

FRANK SPAYD

Veterans' Agent and Director of Veterans' Services

REPORT OF THE HEALTH AGENT

To the Honorable Board of Selectmen and to the Citizens and Taxpayers of Bellingham:

The annual report of the Health Agent is herewith submitted.

From January 1965 thru December 31, 1965, 186 health permits were issued by me for the installation of and repairs to sewerage disposal systems.

The fee for a health permit is \$5.00. The fee for a sewerage permit is \$2.00. Applications must be filled out accompanied by a diagram showing locations of the new installation or repair. In addition, percolation tests must be taken and submitted with the application before a health permit can be issued.

The present health code in regards to sewerage disposal systems is antiquated and in need of up-dating. Under instructions from the Board of Health I have worked along these lines with the State Sanitary Engineers and have submitted to the Board of Health a revised code for their approval. We hope to have all necessary information ready in the near future.

Polio Clinics:

In 1965, two free Polio clinics were held for pre-school children. The clinics were organized by me and were well attended. I am pleased to report that there was not one case of Poliomyelitis contracted within the Town of Bellingham in 1965. Oral Sabin vaccine was used in both clinics. It was made available by the Massachusetts Department of Public Health.

I would like to take this opportunity to thank all volunteers, Civil Defense workers and clerical workers headed by Mrs. Gloria Spayd, Miss Lucy King, R.N., and Mrs. Ann E. Fenn, R.N. for their splendid cooperation in these clinics.

Respectfully submitted,

EMILE W. NIEDZWIADK

Health Agent

REPORT OF THE ZONING BOARD OF APPEALS

To the Honorable Board of Selectmen and to the Citizens and Taxpayers of Bellingham:

The Zoning Board of Appeals was organized for the year on March 18, 1965. Michele Parisi was elected chairman, Bertrand R. Boiteau was named clerk. The other members of the Board being Matthew Pytko and A. Anthony Zerner. Mr. Zerner submitted his resignation effective August 1, 1965 since he relocated in Hatfield, Massachusetts. His resignation was accepted with regret. During his term with the Zoning Board of Appeals, Mr. Zerner proved to be a very able and industrious member. As a replacement, the Board of Selectmen appointed Joseph Chiappone on August 8, 1965.

1965 has proven to be the busiest year for the Zoning Board of Appeals since its inception. During the past year the Board had 27 Public Hearings on requests for variances and exceptions. Each applicant was thoroughly screened by Board members asking pertinent questions and resolved minor difficulties between appellants and abutters when required.

In rendering its decision, the Board at all times gave first consideration to the betterment of the Town of Bellingham and made suggestions and placed restrictions with this in mind.

After due consideration and deliberation of the 27 applications, 1 was rescheduled due to lack of notification of all abutters, 1 was withdrawn by the appellant on the date of the hearing, 5 were denied, and 20 were granted with several having restrictions placed on them.

This year a new fee schedule for zoning permits was put into effect as a result of the Board's proposal for a more equitable arrangement. As a public service, the Board has decided with the approval of the Board of Selectmen to print the Zoning By-Laws in this year's town report. Also, this year the Board initiated a form indicating the procedure to be followed by an appellant requesting a variance from the Zoning By-Laws. This form is available at any of the regularly scheduled meetings on the first and third Thursday of every month. All meetings are opened to the public.

In conclusion, we wish to thank the members of the Board of Selectmen, the Town Counsel, and many other interested citizens for their cooperation during the year 1965.

Respectfully submitted,

MICHELE PARISI, Chairman

BERTRAND R. BOITEAU, Clerk

MATTHEW PYTKO

JOSEPH CHIAPPONE

**ZONING BY-LAWS FOR THE TOWN OF
BELLINGHAM, MASS.**

Adopted At A Meeting On Dec. 2, 1960

Attorney General Received On Feb. 20, 1961

SECTION 1—PURPOSE

A. It shall be the intent of this by-law to promote the health, safety, convenience and welfare of the inhabitants of the Town of Bellingham by regulating and restricting the size and width of lots, the size of yards, courts and other open spaces, and the percentage of lot that may be occupied.

B. The Town of Bellingham is hereby divided into classes of districts as shown on the Zoning Map of the Town of Bellingham, Massachusetts, prepared under the direction of the Planning Board, and said map, together with all boundary lines and designations thereon, is hereby declared to be part of this By-Law.

SECTION 2—VALIDITY

A. The invalidity of any section or provision of this by-law shall not invalidate any other section or provision.

SECTION 3—OTHER REGULATIONS

A. This by-law shall not interfere with or annul any other by-law rule, regulation or permit; provided that this by-law shall control when it is more stringent.

SECTION 4—PENALTY

A. Any person violating any of the provisions of this by-law shall be subject to penalty of not more than twenty dollars for each offense.

B. Each day that a violation continues shall constitute a separate offense.

SECTION 5—ENFORCEMENT

A. This by-law shall be enforced by the Selectmen or through an inspector appointed by them.

B. If the enforcing agency be informed or have reason to believe that any provision of this by-law has been, is being, or is about to be violated, it shall make or cause to be made an investigation of the facts, including the inspection of the premises where the violation may exist,

and if any violation is found, shall give immediate notice in writing, to the owner or his duly authorized agent and to the occupant of the premises.

C. If, after such notice is given, said violation continues, the enforcing agency shall revoke any authorization issued in connection with the premises and shall take such other action as is necessary to enforce the provision of this by-law.

SECTION 6—BOARD OF APPEALS

A. There shall be a Board of Appeals of three members and one associate member appointed as provided in Section 14 of Chapter 40A of the General Laws, as amended, which shall act on all matters within its jurisdiction under this by-law in the manner prescribed in said chapter, and subject always to the rule that it shall give due consideration to promoting the public health, safety, convenience, and welfare and to conserving property values, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood and that it shall prescribe appropriate conditions and safeguards in each case.

B. The Board of Appeals so appointed shall act as the Board of Appeals for the Planning Board under the provisions of Section 81A through Section 81Y of Chapter 41 of the General Laws as amended.

SECTION 7—AREA REGULATIONS

A. Nothing contained in this section shall be construed to prevent the erection, restoration, or placing of a building on a lot of less than minimum requirements subject to the following provisions:

1. Such lot is separately owned and was established by the recording of an instrument or plan in the Registry of Deeds for Norfolk County prior to the adoption of this by-law, or such lot is part of a subdivision plan which received the approval of the Planning Board prior to the adoption of this by-law.

2. Such building complies with setback and coverage requirements whenever possible.

B. Minimum lot requirements shall be dependent on use

1. No dwelling shall be erected or placed in a residential district on a lot containing less than twenty thousand square feet and having a frontage on a public or private street or way of less than one hundred and twenty-five feet.

2. No dwelling shall be erected or placed in an agricultural district on a lot containing less than thirty thousand square feet and having a frontage on a public or private street or way of less than one hundred and twenty-five feet.

3. For any other use the minimum lot size shall be determined by compliance with setback and coverage requirements.

C. No building, excepting eaves, steps and uncovered porches, shall be built within twenty feet of the street line, provided that no building need be set back more than the average of the setbacks of the dwellings of the lots next thereto on either side.

D. No building or structure shall be built within ten feet of any side lot line unless there is a party wall, and excepting accessory buildings which shall not be built within five feet of any side lot line.

E. No building or structure shall be built within twenty feet of the rear lot line, excepting accessory buildings which shall not be built within five feet of the rear lot line.

F. Within the area formed by the lines of intersecting streets and a line joining points on such lines twenty feet distant from their point of intersection, or in the case of a rounded corner the point of intersection of their tangents, no structure and no foliage shall be maintained between a height of three and one-half and a height eight feet above the plane through their curb grades.

G. There shall be in front of every building not fronting on a street, a yard not less than twenty feet deep.

H. No building or addition to any building shall hereafter be placed on any lot of land which will result in the covering by the building, or buildings, of more than forty percent of the area of such lot.

I. There shall be provided and maintained for every building hereafter constructed or placed, designed or intended to be used for any business, institutional, or commercial purpose, including a hotel or other building designed or intended to be used for more than one family, but not including garages or other buildings principally used for the storage and parking of motor vehicles, either on the same lot with the building or within a walking distance of six hundred feet of such lot, facilities for the parking of motor vehicles as follows:

1. For each dwelling house, including an apartment hotel an area of four hundred square feet for each family unit contained in the building.

2. For a hotel, inn, or lodging house or a restaurant or other eating place, either an area of one hundred fifty square feet for each guest room or two square feet for each square foot of area in which food is served, whichever is greater.

3. For any other building used for any business, industrial, institutional or commercial purpose, an area of at least two square feet for each square foot of ground area occupied by the building.

The area prescribed above includes space for maneuvering within the parking facilities, which facilities may be located in, on, under, or outside a building, shall have adequate means of access, be otherwise adapted to the parking of vehicles, and shall be kept available therefor. Areas required to be kept open and unoccupied by buildings under paragraphs C, D, E, and G, may be used for such parking, but no buildings or other structures shall be placed in such areas, except as permitted in said paragraphs. Nothing herein shall be construed to prohibit the owner of such area from restricting the use thereof to his customers, employees and other invitees, nor from charging a reasonable fee for the use thereof. Owners or others in control of stores or other buildings or uses, requiring off-street parking facilities as prescribed herein may join in establishing group parking lots with adequate capacity for all buildings and uses participating in such group parking lots. Parking facilities on any lot in excess of those required for any building on such lot may be permitted by the owner or occupant to be used for building on other lots.

SECTION 8—AUTHORIZATIONS

A. Building Permits:

1. No building or structure shall be erected externally altered, altered for a change in use, or moved in location unless a building permit for such be issued by the Selectmen or an agent appointed by them.

2. All applications for building permits shall be in writing to the Selectmen and shall be accompanied by the proper fee and a plot plan drawn to scale showing the size, location and square footage of floor area of building to be erected or altered. Applications shall set forth the use or uses proposed or intended and such other information as may be requested.

B. Occupancy Certificates.

1. No building or structure shall be occupied or used unless the Selectmen or an inspector appointed by them shall indicate on the building permit that buildings or structures have been inspected and apparently conform to the provisions of this by-law.

C. Exceptions.

1. All applications for exceptions shall be in writing to the Board of Appeals and shall be accompanied by the required fee to cover the cost of advertising a public hearing, and a plot plan drawn to scale, showing the size and location of buildings to be erected or altered. Applications shall set forth reasons that an exception is desired and such other information as may be required.

D. Variances.

1. All petitions for variances shall be in writing to the Board of Appeals and shall be accompanied by the required fee and a plot plan drawn to scale showing conditions affecting such parcel of land or building as is involved. Applications shall state the reasons that a variance is desirable and such other information as may be requested.

E. Appeals.

1. An appeal may be taken to the Board of Appeals by any person aggrieved by reason of his inability to obtain an authorization from any administrative body under the provision of this by-law, or by any person aggrieved by any order or decision of such body believed to be in violation of any provision of this by-law or of Chapter 40A of the General Laws.

2. Within thirty-one days after the date of the order or decision upon which an appeal is based, a notice of Appeal specifying the grounds thereof shall be filed with the Town Clerk, who shall then act in accordance with Section 16 of Chapter 40A of the General Laws

SECTION 9—NON-CONFORMITIES

A. No building or structure may be constructed, altered or used for any purpose that would be injurious, obnoxious, or offensive to a neighborhood by reason of noise, vibration, smoke, odor, gas, fumes, dust cinders, chemicals, or other objectionable features, or that may be dangerous to a neighborhood through fire, explosion or other cause.

B. Any non-conforming building or structure in existence at the time of adoption of this by-law or any amendment thereto, may be reconstructed on the old foundations if destroyed by fire or other accidental or natural cause.

C. Parking of trailers, buses and mobile units, or use of trailers, buses or mobile units for residence in excess of thirty days is prohibited unless an exception is granted by the Board of Appeals.

D. A fifty percent increase in the extent of the non-conforming use of a structure or land may be made.

E. The Board of Appeals after holding a public hearing may grant a special exception to permit further expansion of non-conforming buildings or structures in the best interest of the town.

SECTION 10—DEFINITION OF DISTRICTS

- A. The classes of districts are:
Residential Districts

Agricultural Districts

Business Districts

Industrial Districts

B. District Boundaries. The location of boundaries shall be shown on the zoning map and shall be determined as follows:

1. Where the boundry lines are shown on the map within the street lines of public or private streets or ways, the center lines of such streets or ways shall be the boundary lines.
2. Where the boundry lines are shown approximately on the location of existing property or lot lines, and the exact location of the zoning boundaries is not indicated by figures, distant or otherwise, then the property or lot lines shall be the zoning boundary lines.
3. Where the boundary lines are shown on the map outside of street lines and approximately thereto, they shall be considered to be parallel to such street lines. Figures placed on the map between the zoning boundary lines and the street lines indicate distances in feet measured at right angles to street lines unless otherwise indicated.
4. In cases not covered by the above paragraphs, the boundry lines shall be determined by the distances in feet, when given on the map from the center lines on the map, or when distances are not given, by the scale.
5. Whenever the exact location of a boundary line cannot be determined under the above provisions, the location of such line shall be determined by the enforcing authority.

SECTION 11—RESIDENTIAL DISTRICT

In the residential districts no buildings, structures or premises shall be constructed, altered or used for:

- A. Any industry, trade, manufacturing or commercial purpose unless so provided under paragraph 7, or;
- B. Any purpose except one or more of the following specified uses:
 1. Single family detached house.
 2. Two family detached house if located on a lot having an area at least fifty per cent greater than required for a single family dwelling.
 3. Church
 4. Public school or other public use.
 5. Farm, market, garden, nursey or green house, including the sale, packing and processing of natural products, 75% of which must be

raised by property owner, but not including a farm, the principal activity of which is the raising or sale of poultry, horses or other livestock or their products.

6. Such accessory uses as are customary in connection with the uses enumerated above and are incidental thereto, including a private garage or private stable, in connection with residential use, including the office of a professional man or woman in his or her own residence, and also including the use of a room or rooms in a dwelling or accessory building for a customary home occupation conducted by a resident of the premises provided there is no external evidence of any business other than an identifying sign or emblem, the total area of which shall not exceed five square feet.

7. Any of the following uses, if permission is in each case obtained as provided for in Section 6.

a. Residence for not more than four families, boarding or lodging house; provided however, that the building so used was in existence on the same premises at the time this by-law took effect, and provided further that the Board of Appeals make a written finding together with the reasons thereof, that the original building no longer can be reasonably used or adapted for a use regularly allowed or permitted in the district.

b. Private school, college, academy or other use of an education character.

c. Public or semi-public institutions of a philanthropic or charitable character.

d. Hospital or other medical institution, but not including veterinary or medical institutions or activities for the care of animals.

e. Telephone exchange provided there is no service yard.

f. Maintenance of a shop in existing residence, machine, wood-working, metals, art or photo studio and other similar pursuits normally classified as artisan in nature, provided that employees are limited to one other than the immediate family and further provides that no display, advertisement, etc. relative thereto shall be permitted other than an identifying sign or emblem, the total area of which shall not exceed five square feet.

SECTION 12—AGRICULTURAL DISTRICTS

In the agricultural districts, no buildings, structures or premises shall be constructed, altered or used for any purpose except one or more of the following specified uses:

1. Any purpose authorized in the residential districts however,

the fifty per cent greater area requirement for a two family dwelling shall be fifty per cent greater than what is required in Section 7, subsection B (2).

2. Raising or sale of poultry, horses or other livestock and their products providing the building to house livestock is at least 60 feet from the street lines and 40 feet from adjacent property lines.

3. Veterinary or medical institutions or activities for the care of animals, including public stable.

SECTION 13—BUSINESS DISTRICTS

In the business districts no buildings, structures or premises shall be constructed, altered or used for any purpose except one or more of the following specified uses:

1. Any purpose authorized in the residential districts, however the dwelling must conform to the residential district area requirement.

2. Restaurant or other eating establishment.

3. Retail shop or store, salesroom or showroom.

4. Undertaking or funeral establishment, including embalming and accessory uses.

5. Theater, hall, club or other places of amusement or assembly

6. Office, bank or other monetary establishment.

7. Public or semi-public establishment.

8. Public garage, gasoline filling or service station, automobile repairing establishment, printing plant, telephone exchange including service yard and garage.

9. Light manufacturing of products, the major portion of which is sold on the premises by the manufacturer to the consumer, provided that no trade or manufacturing shall be carried on which is:

a. Prohibited or not authorized in the industrial districts, or would be:

b. Injurious, offense or obnoxious to a neighborhood by reason of noise, vibration, odor, smoke, gas, fumes, chemicals, cinders, dust or other objectionable features or would be:

c. Dangerous to a neighborhood through fire, explosion or any other cause.

10 Such accessory uses as are customary with the above uses.

11. Any additional uses for which permission may be granted in a specific case, as hereinafter provided in Section 6, if it has been determined that the proposed use is similar to one or more uses specifically authorized in this section.

SECTION 14—INDUSTRIAL DISTRICTS

In the industrial districts no building, structures or precises shall be constructed, altered or used for any purpose except one or more of the following specified uses:

1. Any purpose or accessory use authorized in the business districts without requiring any permission except as is required under the provisions of the town regulations, or otherwise required by law, but no residential purpose shall be permitted, except single family dwelling for personnel required for the safe operation of a permitted use to reside on the premises thereof.

2. Any industry, trade, light manufacturing, commercial or other purpose not prohibited by this section or by law or town regulation.

3. But no buildings, structures or premises may be constructed, altered or used for any purpose that would be injurious, objectionable, obnoxious or offensive to a neighborhood by reason of noise, vibration, smoke, odor, gas, fumes, dust, cinders, chemicals or other objectionable features, or that may be dangerous to a neighborhood through fire, explosion or other cause.

4. No industrial building shall be erected closer than 100 feet from abutting residential districts.

Drainage	2815 feet
Brushing	1470 feet
Culverts Cleaned	4 culverts
Catch Basins Treated	476 basins

Respectfully submitted,

JOHN C. KUSCHKE, Superintendent

cc; Board of Health

REPORT OF THE STATE AUDIT

To the Board of Selectmen
Mr. Joseph R. Scolavino, Chairman
Bellingham, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Bellingham for the fiscal year ending December 31, 1964, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Chief of Bureau.

Very truly yours,

ARTHUR H. MacKINNON

Director of Accounts

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sirs:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Bellingham for the fiscal year ending December 31, 1964, and submit the following report thereon:

The financial transactions of the town, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the records in the offices of the town treasurer and the town accountant.

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were compared with the town treasurer's books and with the records of the several departments in which charges originated or money was collected for the town, while the recorded disbursements were checked with the selectmen's warrants and with the payments as shown by the books of the town treasurer.

The appropriations, transfers, and loan authorizations, as recorded on the town accountant's books, were verified by comparison with the town clerk's records of town meeting proceedings and the recorded transfers from the reserve fund were checked with the authorizations of the finance committee.

The general and appropriation ledger accounts were analyzed, a trial balance was taken off, the necessary adjustments resulting from the audit were made, and a balance sheet showing the financial condition of the town on December 31, 1964 was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The cash book footings were verified, and the recorded receipts were compared with the town accountant's books, with the records of the several departments collecting money for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants and with the town accountant's records.

The cash balance on February 2, 1965 was proved actual count of the cash in the office, by reconciliation of the bank balances with statements furnished by the banks of deposit, and by certification of the United States Treasury bills.

The savings bank books representing the investments of the several trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved and all transactions and balances were verified.

The payments on account of maturing debt and interest were compared with the amounts falling due and were checked with the cancelled securities and coupons on file.

The records of tax titles and tax possessions held by the town were examined and checked in detail. The amounts added to the tax title account were compared with the books of the tax collector, the reported redemptions were checked with the receipts as recorded in the treasurer's cash book, and the tax titles and tax possessions on hand were listed, reconciled with the town accountant's ledger and checked with the records at the Registry of Deeds.

It is again recommended that foreclosure proceedings be instituted on all tax titles held by the town over two years, as required by the provisions of Section 50, Chapter 60, General Laws.

The records of payroll deductions on account of Federal and State taxes, Blue Cross and Blue Shield, and group insurance were examined and checked with the controlling accounts in the town accountant's ledger.

The books and accounts of the tax collectors were examined and checked in detail. The taxes and excise outstanding at the time of the previous audit, as well as all subsequent commitments, were audited and proved with the assessors' warrants issued for their collection. The payments to the town treasurer were verified, the recorded abatements were checked with the assessors' records of abatements granted, the taxes transferred to the tax title account were compared with the treasurer's

tax title records, and the outstanding accounts were listed and proved with respective controlling accounts in the town accountant's ledger.

The collector's cash balance on February 2, 1965 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The records of water and departmental accounts receivable were examined and checked. The payments to the town treasurer were verified, the abatements were checked with the departmental records of abatements granted, and the outstanding accounts were listed and proved with the accountant's ledger.

The outstanding tax, excise, departmental, and water accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The records of receipts on account of dog and sporting licenses were audited. The payments to the State and to the town were checked with the receipts on file and with the town treasurer's books, and the cash on hand was verified.

The surety bonds of the town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in the proper form.

The records of licenses and permits issued by the electmen and by the building, plumbing, and wire inspectors, as well as by the police and health departments, were examined and checked, and the payments to the town treasurer were verified.

The recorded receipts by the sealer of weights and measures and by the school and library departments, as well as by all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the treasurer's and the town accountant's records .

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the treasurer's and the tax collector's cash, summaries of the tax, excise, tax title, departmental, and water accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

On behalf of my assistants and for myself, I wish to express appreciation for the cooperation extended by all town officials during the progress of the audit.

Respectfully submitted,

WILLIAM SCHWARTZ

Assistant Chief of Bureau

BY-LAWS
of the
TOWN OF BELLINGHAM, MASSACHUSETTS

ARTICLE I

GENERAL PROVISIONS

Section 1. The following provisions shall constitute the General By-Laws of the Town of Bellingham, Massachusetts.

Section 2. The repeal of a by-law shall not thereby have the effect of reviving any by-law theretofore repealed.

Section 3. Words and phrases specifying or naming any officer, board or committee of the town, shall be construed as including the lawful successor, or the person or persons having the powers and performing the duties of such officer, board or committee.

Section 4. Any or all of those by-laws may be repealed or amended or other by-laws may be adopted at an Annual Town Meeting only, an article or articles for that purpose having been inserted in the warrant for such meeting by the Selectmen. (Approved October 15, 1963).

Section 5. Whoever violates any of the provisions of these by-laws whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offense.

ARTICLE II

TOWN MEETINGS

Section 1 The annual town meeting for the election of town officers shall be held on the first Monday of March of each year.

Section 2. All business of the Annual Town Meeting, except the election of such officers and the determination of such matters as are required by law to be elected or determined by ballot, shall be considered at an adjournment of such Meeting to be held on the third Friday after the Town Election at 8:00 P.M. (Approved August 26, 1957).

Section 3. The polls shall be opened at 10 o'clock in the morning and shall remain open until 8 o'clock in the evening.(Approved August 26, 1957).

Section 4. Notice of every town meeting shall be given by posting attested copies of the warrant therefor in at least one public place in each precinct not less than fourteen days before the day fixed for such meeting.

Section 5. At least seven days before the day fixed in the warrant for the annual town meeting, the Selectmen shall cause to be left at each occupied dwelling house and apartment in the town a copy of the report of the Finance Committee and a copy of the Annual Town Report.

Section 6. As soon as practicable after the adjournment of any town meeting, on a vote to adjourn to another day, the clerk shall cause a brief statement of the day and hour to which the adjournment was voted and of the business remaining to come before the meeting, to be posted in at least one public place in each precinct, and if the period of adjournment will permit, shall cause a similar notice to appear in a newspaper published in the County of Norfolk and nearest to the Town of Bellingham.

Section 7. The number of voters necessary to constitute a quorum at any town meeting shall be one hundred; provided, however, that a number less than a quorum may from time to time adjourn the same. This section shall not apply to such parts of meetings as are devoted exclusively to the election of town officers. (Approved July 27, 1955).

Section 8. Copies of the warrant and of the report of the Finance Committee thereon shall be made available to the voters at all town meetings.

Section 9. The moderator shall appoint tellers, who shall permit only registered voters to enter upon the floor of the Town Hall at the Annual or any town meeting; the stage may be occupied under the direction of the Moderator.

Section 10. Articles of the warrant shall be acted upon in the order in which they appear unless otherwise determined by vote of the meeting.

Section 11. All motions having to do with the expenditure of money shall be presented in writing; other motions shall be in writing if so directed by the Moderator.

Section 12. If a motion is susceptible of division, it shall be divided and the question shall be put separately upon each part thereof, if seven voters so request.

Section 13. When a question is before the meeting, the following motions, namely: to adjourn; to lay on the table; for the previous question; to postpone to a time certain; to commit, recommit or refer; to amend; to postpone indefinitely; shall be received and shall be decided without debate.

Section 14. On a proposed amendment involving sums of money, the smaller amount shall be put to the question first, and an affirmative vote thereon shall be a negative vote on the larger amount. (Approved July 27, 1955).

Section 15. An amendment to a motion shall not be amended.

Section 16. Any person who is employed as an attorney by another interested in any matter under discussion at a town meeting shall disclose the fact of his employment before speaking thereon.

Section 17. When a question is put, the sense of the meeting shall be determined by the voices of the voters and the Moderator shall declare the vote as it appears to him. If the Moderator is unable to decide the vote by the sound of voices, or if his decision is immediately questioned by seven or more voters rising in their places for that purpose, he shall determine the vote by ordering a show of hands and he may appoint tellers to make and return the count.

Section 18. The meeting may order that the vote on any motion shall be taken by a "Yes" and "No" ballot.

(a) No appropriation of money for capital expenditures of \$10,000 or more shall be voted to be raised at any town meeting except by a secret ballot; said ballot to be printed with two parts, one signifying a YES vote and the other signifying a NO vote; and said ballots to be made available, when and if needed to all registered voters present at the meeting. (Approved December 19, 1962).

Section 19. When a motion for reconsideration is decided, that decision shall not be reconsidered, and no question shall be reconsidered more than once; nor shall any vote be reconsidered on a motion to adjourn, to lay on the table, or for the previous question.

Section 20. All committees shall report as directed by the Town. If no report is made within a year after its appointment, a committee shall be discharged unless, in the meantime, the town shall have granted an extension of time.

Section 21. No motion the effect of which would be to dissolve the meeting, shall be in order until every article in the warrant therefor has been duly considered and acted upon, but this shall not preclude the postponement of consideration of any article to an adjournment of the meeting at a stated time and place.

Section 22. No appropriation of money shall be voted unless and until the subject matter thereof shall have been considered by the Finance Committee at a public hearing held in accordance with Section 4 of Article IV of the By-Laws, and the said Finance Committee shall report its recommendations thereof to the Town Meeting in accordance with said Section 4 of Article IV. (Approved July 27, 1955).

ARTICLE III

TOWN OFFICERS

Section 1. The Selectmen shall have the general direction and management of the property and affairs of the town in all matters not otherwise provided for by law or these by-laws.

Section 2. The Selectmen shall cause each town officer and department head having custody of town property to keep a true inventory thereof on file, and each officer and department head shall deliver a copy of said inventory to the Town Accountant at least annually.

Section 3. The Selectmen shall grant no license or permit for the permanent establishment of any enterprise, commercial, fraternal, or non-profit, without first conducting a public hearing at which owners of adjoining or affected properties shall be heard. The Selectmen shall cause notice of said hearing to appear in one or more newspapers, published in the County of Norfolk and nearest to the Town of Bellingham, at least ten (10) days before the time at which said hearing is to be held.

Section 4. In all cases of disposal by sale of town property, as provided by law or otherwise, the Selectmen shall cause notice of said sale to appear in one or more newspapers, published in the County of Norfolk and nearest to the Town of Bellingham, once a week for at least three weeks, the final publication to be at least ten (10) days before the time advertised for said sale.

Section 5. It shall be the duty of the Town Clerk immediately after every town meeting to notify in writing all members of committees who may be elected or appointed at such meetings, stating the business upon which they are to act and the names of the persons composing the committees, and also to notify all officers, boards and committees of all votes passed at such meeting in any way affecting them.

ARTICLE IV

FINANCE COMMITTEE

Section 1. There shall be a Finance Committee consisting of nine legal voters of the town, three from each precinct at all times, who shall be appointed by the Moderator as hereinafter provided. No elective or appointive town officer or town employee shall be eligible to serve on said committee.

Section 2. The Moderator of the town meeting when this by-law is adopted shall within thirty days after such by-laws becomes effective appoint three members of said committee to serve until the annual town meeting in March 1947, three members to serve until the annual town

meeting in March 1948 and three members to serve until the annual town meeting in March 1949. At the annual town meeting in March 1947 and at each annual town meeting thereafter the Moderator thereof shall appoint three members of said committee for terms of three years. The terms of office of said members shall commence immediately upon qualification and shall expire at the close of finale adjournment of the annual town meeting at which their successors are appointed. Said committee shall choose its own officers and shall serve without pay, and it shall cause to be kept a true record of its proceedings.

Section 3. The said committee shall fill any vacancy which may occur in its membership, by vote, attested copy of which shall be sent by the secretary to the Town Clerk. If any member is absent from five consecutive meetings of said committee, except in case of illness, his position shall be deemed to be vacant and shall be filled as herein provided. The term of office of any person so chosen to fill a vacancy shall expire at the final adjournment of the next succeeding annual town meeting, and the Moderator thereof shall appoint his successor to complete the unexpired term of the member in whose office such vacancy originally occurred.

Section 4. All articles in any warrant for a town meeting shall be referred to the Finance Committee for its consideration. The selectmen after drawing any such warrant shall transmit immediately a copy thereof to each member of said committee. A public hearing shall be held, at least four days before such town meeting upon all such articles, unless a public hearing by some other tribunal is required by law, and a notice of such hearing shall be given by posting a copy thereof in at least one public place in each precinct. Said committee shall after due consideration of the subject matter of such articles, report thereon to the town meeting, in writing, such recommendations as it deems best for the interests of the town and its citizens.

Section 5. It shall be the duty of the Finance Committee annually to consider the expenditures in previous years and the estimated requirements for the ensuing year of the several boards, officers, and committees of the town, as prepared by them in such form and detail as may be prescribed by said committee. The said committee shall add to such statement of expenditures and estimates another column, giving the amounts which in its opinion should be appropriated for the ensuing year, and shall further add thereto such explanations and suggestions relating to the proposed appropriations as it may deem expedient, and report thereon as provided in section four.

Section 6. In the discharge of its duty, said committee shall have free access to all books of records and accounts, bills and vouchers on which money has been or may be paid from the town treasury. Officers, boards and committees of the town shall, upon request, furnish said

committee with facts, figures and any other information pertaining to their several activities.

Section 7. It shall be the duty of the Finance Committee to make an annual report of its doings, with recommendations relative to financial matters and the conduct of town business, to be contained in the annual town report.

ARTICLE V

FINANCIAL AFFAIRS

Section 1. An audit of the accounts of the town shall be made annually under the supervision of the State Division of Accounts, as provided by section thirty-five of chapter forty-four of the General Laws.

Section 2. Each officer, board or committee authorized to spend money shall, on or before January seventh of each year transmit to the Town Accountant all unpaid bills outstanding as of December thirty-first of the year next preceding.

Section 3. The Town Accountant shall prescribe the methods of accounting and the forms to be used by the several officers, boards and committees of the town pertaining to their receipts and disbursements and shall provide that such methods and forms shall conform to the requirements prescribed by law or any rules or regulations made thereunder.

Section 4. All town officers, whether elected or appointed by the Selectmen, shall except as otherwise provided by law, pay all money belonging to the town, received by them in their respective departments, for the sale of property or from any other source whatsoever, to the Town Treasurer, within one week, and shall make a true return thereof to the Town Accountant, stating the accounts upon which such amounts were received.

ARTICLE VI

CONTRACTS BY TOWN OFFICERS

Section 1. No officer of the town shall in his official capacity make or pass upon or participate in making or passing upon, any sale, contract or agreement or the terms or amount of any payment in which the town is interested and in which such officer has any personal financial interest, direct or indirect.

Section 2. No town officer and no salaried employee of the town, or any agent of any such officer or employee, shall receive any compensation or commission for work done by him for the town, except his

official salary and fees allowed by law, without the permission of the Selectmen expressed in a vote which shall appear on their records with the reasons therefor.

Section 3. No contract involving an obligation of the town in excess of \$500 shall be binding upon the town unless it is in writing and is signed by at least a majority of the board or committee duly authorized or having control of the appropriation against which such obligation is incurred; and such board or committee shall make a record of every such contract in a book which shall be the property of the town. (Approved July 21, 1948).

Section 4. Every contract exceeding \$1,000 shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond if so requested by the officer or board authorized to make the contract.

Section 5. No board or officer shall make any contract in behalf of the town, the execution of which shall necessarily extend beyond one year from the date thereof, except as otherwise provided by law, unless specific authority to do so has been given by vote of the town.

Section 6. (a) No contract shall be awarded for any work or service to be performed for the town, other than professional service or service performed by a person regularly employed by the town as part of the duties of such employment, the estimated cost of which is five hundred dollars (\$500) or more, and no purchase of materials, supplies or equipment shall be made which is estimated to cost five hundred dollars (\$500) or more, unless competitive bids for such contracts or purchase have first been obtained.

(b) The provisions of the preceding section shall not apply:

- (1) In cases of special emergency requiring immediate action for the preservation of life or the protection of property.
- (2) In the case of work or service of a specialized nature for which fair and reasonable competition cannot be obtained.
- (c) If a contract or purchase is made without competitive bids under the exception allowed in paragraph (b), such contract or purchase shall have attached to it previous to its audit by the Town Accountant, a certificate by the officer, board or committee authorizing the same, setting forth the reason why competitive bids were not obtained.

(d) Competitive bids shall be invited as follows:

- (1) All competitive bids shall be invited by advertisement in the Franklin Sentinel, Milford Daily News, and the Woonsocket Call; said advertisement to be published once in each of the aforesaid

three newspapers at least twenty (20) days before the time advertised for the opening of bids. (Approved August 15, 1961).

- (2) In all cases of competitive bids, by the sending of letters of invitation, all bearing the same date in each instance, to a sufficient number of vendors, contractors or other qualified persons to insure fair competition.
- (e) Every invitation for competitive bids shall state the time and place where plans and specifications of proposed work or materials, supplies or equipment may be obtained, and the time and place at which bids will be opened, and shall reserve to the town the right to reject any or all such bids.
- (f) All proposals shall be opened in public at the time and place specified therefor. No purchase, and no service or work for which a contract is proposed, shall be split or divided for the purpose of evading the provisions of this article.
- (g) All plans and specifications, letters of invitations, bids on which awards have been made, certificates required by paragraph (c), and contracts, shall be kept on file and shall be open to public inspection at reasonable times. (Approved July 21, 1948).

ARTICLE VII

LEGAL AFFAIRS

Section 1. The Selectmen shall be agents of the town to institute, prosecute and defend any and all claims, actions and proceedings to which the town is a party or in which the interests of the town are or may be involved.

Section 2. The Selectmen may at their discretion compromise or settle any claim or suit to which the town is a party, which does not require the payment by the town of an amount in excess of one hundred dollars. No settlement of a claim or suit obligating the town in an amount in excess of one hundred dollars shall be made, except as authorized by law, without the consent of the town meeting.

Section 3. The Selectmen in their annual report shall state what actions have been brought against and on behalf of the town, what cases have been compromised or settled, and the current standing of all suits at law involving the town or any of its interests.

Section 4. The Selectmen shall annually in March, after final adjournment of the annual town meeting, appoint a person who is a member of the bar in good standing, to serve as Town Counsel for the term of one year from the first day of April following and until his successor is appointed and enters upon the performance of his duties. They shall

likewise fill any vacancy in said office for the unexpired term, and may employ special counsel to assist the said Town Counsel whenever, in their judgment, necessity therefor arises.

Section 5. It shall be the duty of the Town Counsel to conduct the prosecution defense or compromise of claims, actions and proceeding to which the town is a party, and the prosecution of actions or proceedings by or on behalf of any town officer, board or committee as such; to conduct the defense of any action or proceedings brought against any town officer, board or committee as such when the Selectmen, having determined that any right or interests of the town are or may be involved therein, shall so request; to conduct proceedings brought by or against the Assessors before the Board of Tax Appeals; to assist in the prosecution of complaints for violation of any by-law of the town, when requested so to do by the board or officer enforcing the same; to examine and report upon titles to all land to be acquired by the town; to prepare or approve contracts, bonds, deeds and other legal instruments in which the town is a party or in which any right or interest of the town is involved; to appear at any and all hearings on behalf of the town whenever his services may be required; and generally to advise and act for the town officers, boards and committees upon and in legal matters touching the duties of their respective offices.

ARTICLE VIII

RECORDS AND REPORTS

Section 1. All officers, boards and committees of the town, shall cause records of their doings and accounts to be kept in suitable books. Said books shall be kept in their respective places in the town offices, and shall not be removed therefrom. Said books shall, unless otherwise provided by law, be open to public inspection at any reasonable time, but shall remain during such inspection under supervision of the officer, board or committee having custody thereof.

Section 2. All officers, boards, standing committees and special committees of the town having charge of the expenditure of town money shall annually report thereon in writing in such manner as to give the citizens a fair and full understanding of the objects and methods of such expenditures, referring, however, to the report of the Town Accountant for statements in detail of receipts and payments, and may make therein such recommendations as they deem proper. Such reports shall be submitted to the Selectmen for inclusion in the annual town report on or before the tenth of January of each year.

Section 3. The annual town report shall contain, in addition to the reports of officers, boards and committees as hereinbefore provided, a detailed report of all moneys received into and paid out of the town treasury in the financial year next preceding, showing separately pay-

ments made from the proceeds of loans as capital outlays for permanent improvements; the report of the collector of taxes, of receipts, payments and abatements; statements of all funds belonging to the town or held for the benefit of its inhabitants; a statement of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of indebtedness authorized but not incurred, and the purposes thereof; a statement of transfers made to or from any appropriation; abstracts of the records of all town meetings held since publication of the last annual report; and such other matters as the said report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

Section 4. The Selectmen, or the Town, may direct that the Assessors' valuation list, the by-laws and standing votes of the town, and the rules or regulations adopted by any officer, board or committee, be printed as a part of the annual town report.

Section 5. The Selectmen shall cause the Assessors' valuation list to be published at least once every five years beginning in 1946.

ARTICLE IX

Section 1. The Board of Selectmen may order numbers to be affixed to or painted on the buildings on any street, in their discretion. The owner of every house shall comply with such order within ten days thereafter. (Adopted June 26, 1950; Approved September 29, 1950).

Section 2. 1. The removal of soil, loam, sand or gravel from any parcel of land not in public use in the Town of Bellingham, except as hereinafter provided, shall be allowed only after a written permit is obtained therefore from the Board of Selectmen after a public hearing of which written notice must be given to abutters and also published in the Woonsocket Call and the Milford Daily News by said Board at least seven days prior to said public hearing.

2. No permit shall be required for the continuous operation on any parcel of a sand and gravel pit in operation at the time this By-law is adopted, provided such operation is not thereafter discontinued for more than one year. A permit shall be required however, for such continuous operation if, at the time this By-law is adopted, said operation has extended to within three hundred feet of a street, way or abutter. No permit shall be required for the removal of soil, loam, sand, or gravel from any parcel of land when incidental to and in connection with the construction of a building on said parcel. No permit shall be required for the removal of soil, loam, sand or gravel from any parcel of land by an owner whose principal business is not the sand and gravel business and who removes said soil, loam, sand or gravel for his own usage or for the use of any other person, but not for the sale thereof. A permit shall be required, however, for the removal of soil, loam, sand or gravel from

any parcel of land when the purpose of said removal is such as to alter the present usage of said parcel, and said purpose shall be written into the permit and into the records of the Board.

3. In issuing a permit under this By-law the Board of Selectmen may impose such reasonable conditions not specifically provided for herein as it may deem necessary for the adequate protection of the neighborhood and the Town. Any condition imposed by the Board shall be attached to and made a part of the permit. The Board may require a bond in an amount not to exceed \$1,000.00 for the issuance of any permit required under this By-law for compliance with the completion of any proposed alteration in the usage of a parcel of land.

The Board shall, after a public hearing subject to the conditions set forth in paragraph one of this By-law, and on proof of violation of any condition of this law, revoke any permit or permits issued in connection therewith. No permit shall be issued under the provisions of this By-law for a period of more than two years.

4. The Board, in issuing such permits as are authorized herein, shall impose such reasonable conditions as to the disposition of top soil and the reestablishment of ground levels and grades as it may deem necessary, including the replacement of such top soil and the re-seeding thereof.

Removal of Soil or Loam:

5. Soil or loam may be removed from any parcel of land within such parcel determined by the Board to be unsuited to agricultural use, and the Board may issue a permit for such removal, provided that the Board, before issuing said permit, obtains the recommendations of the appropriate Soil District Supervisor and the County Extension Director or Agent, or their successors, said recommendations to be made a part of the records of the Board. In issuing a permit the Board shall impose reasonable conditions as authorized in paragraph four of this By-law.

6. Whoever violates the provisions of this By-law shall be punished in accordance with the provisions of the General Laws. Chapter 40, Section 21, as amended. Each day on which the removal of soil, loam, sand or gravel takes place in violation of the terms of this By-law shall constitute a separate offense for the person causing the removal of the same. (Approved May 22, 1956).

All of above by-laws, except as otherwise noted, approved by Attorney General on December 30, 1946.

ATTEST: Lionel R. Trudeau

Bellingham Town Clerk

THE COMMONWEALTH OF MASSACHUSETTS
TOWN OF BELLINGHAM
ANNUAL ELECTION AND MEETING

Norfolk, ss.

To either of the Constables of the Town of Bellingham in the County

ARTICLE 2. To see what sums the Town will vote to raise and appropriate by taxation or by transfer from available funds or otherwise and to determine the salaries of the various elected and appointed town officers for the year 1966; or act or do anything in relation thereto.

(By Finance Committee)

ARTICLE 3. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time

in anticipation of the revenue of the financial year beginning January 1, 1967, and to issue note or notes therefor, payable within one year, and to renew any notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws; or act or do anything in relation thereto.

(By Treasurer)

ARTICLE 4. To see if the Town will vote to raise and appropriate a sum of money for the purpose of purchasing a catch basin cleaner for the Highway Dept. or act to do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 5. To see if the Town will vote to raise and appropriate a sum of money to purchase two (2) 1967 Police Cruisers, or act or do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 6. To see if the Town will vote to accept Sections One (1), Two (2) and Three (3) of Chapter 139 of the Massachusetts General Laws, as amended, providing for adjudication of burnt, dilapidated or dangerous buildings as a nuisance; appeals; and abatement or removal of nuisances by Selectmen.

(By Board of Selectmen)

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$8,327.52 for the purpose of widening Paine St. and construction of sidewalks on Paine St. said sum to be raised by transfer from the State under the provisions of Chapter 679, Section 5, of the Acts of 1965; or act to do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 8. To see if the Town will vote to raise and appropriate a sum of money to widen Paine St. Bridge, or act to do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 9. To see if the Town will vote to raise and appropriate a sum of money to purchase a police console and antenna for the Police Station; or act to do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 10. To see if the Town will vote to amend Article III of the By-Laws by adding the following section:

Section 6. No person without a permit or license from the Board of Selectmen shall store, keep or allow to remain on his premises more than one unregistered motor vehicle or parts thereof, unless the same

is stored or kept in a garage or other building.

(By Board of Selectmen)

ARTICLE 11. To see if the Town will vote to authorize the Board of Selectmen to install the following street lights.

Country Way Poles Nos. 2, 4, 6 1,000 lumens

South Main St. Pole No. 69 1,000 lumens

Indian Run Road Pole No. 1X 1,000 lumens

Potter Dr. Pole No. 4 1,000 lumens

Center St. Pole No. 5X 1,000 lumens

Morin Dr. Pole No. 2 1,000 lumens

Overlook Dr. Poles Nos. 2, 4, 6

Park St. Pole No. 1

Depot St. Pole No. 48

Laurel Lane Poles Nos. 2, 4, 6

Hartford Ave. Pole No. 135 2,500 lumens

South Main St. Pole Nos. 63, 66A 2,500 lumens

(By Board of Selectmen)

ARTICLE 12. To see if the Town will vote to create and appoint a Committee of five (5) members for the purpose of planning the 250th anniversary celebration of the Incorporation of the Town of Bellingham, or act or do anything in relation thereto.

(By Board of Selectmen)

ARTICLE 13. To see if the Town will vote to raise and appropriate a sum of money for the purchase and equipping of an Ambulance Rescue vehicle for the town, and that the Board of Selectmen be authorized to appoint a committee of three (3), who shall be given full power and authority to select and purchase said vehicle or act to do anything in relation thereto.

(By Ambulance Rescue)

ARTICLE 14. To see if the Town will authorize the School Committee to establish and maintain State aided vocational education in accordance with provisions of Chapter 74 General Laws and Acts Amended thereto or dependent thereon and further raise and appropriate a sum of money or act to do anything in relation thereto.

(By School Committee)

ARTICLE 15. To see if the Town will vote to raise, appropriate or transfer from available funds a sum of money for purpose of purchasing a 1966 van-bus. Said sum to be expended under the direction of School Committee; or act to do anything in relation thereto.

(By School Committee)

ARTICLE 16. To see if the Town will vote to appoint a School Needs Committee not to exceed 7 in number, with a minimum of two members from each voting precinct; to authorize this committee to undertake all preliminary work relative to the study and survey of school needs in the Town of Bellingham; and to raise and appropriate a sum of \$2500.00 for purpose of defraying any and all expenses to be incurred by said Committee in connection with aforementioned preliminary work; the Committee to report its findings and recommendations at next legally held special town meeting, or act to do anything in relation thereto.

(By School Committee)

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$6,200 for Harpin Street improvements; or act to do anything in relation thereto.

(By School Committee So. Municipal Field Committee)

ARTICLE 18. To see if the Town will vote to hear the report and recommendations of the Building Code Committee created under Art. 24 of the Warrant for the 1965 Annual Town Meeting; or act to do anything in relation thereto.

(By Building Code Committee)

ARTICLE 19. To see if the Town will vote to petition the Board of Standards to propose regulations relative to the construction, alteration and maintenance of buildings and other structures for the Town of Bellingham as provided by Section 3 of Chapter 143 of the General Laws; or act to do anything in relation thereto.

(By Building Code Committee)

ARTICLE 20. To see if the Town will vote to accept in accordance with Section 3 of Chapter 143 of the General Laws regulations relative to the construction, alterations and maintenance of buildings and other structures, said regulations having been proposed by the State Board of Standards and having been filed with the office of the town clerk, and with the office of the State Secretary; or act to do anything in relation thereto.

(By Building Code Committee)

ARTICLE 21. To see if the Town will vote to hear and accept the report of the Water Meter Survey Committee or act to do anything in relation thereto.

(By Water Survey Committee)

ARTICLE 22. To see if the Town will vote to appropriate a sum of money for the purchase of Water Meters.

(By Water Survey Committee)

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum of money for the purpose of painting and restoring the No. 1 Standpipe, located on South Main St. or act to do anything in relation thereto.

(By Water Commissioners)

ARTICLE 24. To see if the Town will vote to authorize the Water Commissioners to contract with the firm of Hayden, Harding & Buchanan for the purpose of making a final pumping test on land owned by Varney Bros. Sand & Gravel, Inc., located on the northwesterly side of Hartford Avenue; and to raise and appropriate a sum of money for said purpose; or act to do anything in relation thereto.

(By Water Commissioners)

ARTICLE 25. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase or by eminent domain under the provisions of Massachusetts General Laws, Chapter 79 and Chapter 40, Section 14 as amended, a tract of land owned by Varney Bros. Sand & Gravel, Inc., description as follows: Beginning at a point on the northerly side of Hartford Avenue said point being 298.37 feet westerly from southwest corner of land of Joseph E. Darling, et ux., Thence north 18 degrees 06' E. 264.68 feet to a point, Thence south 76 degrees 33' E. 200.00 feet to a point, thence north 13 degrees 27' E, 800.00 feet to a point, thence north 76 degrees 33' W, 800.00 feet to a point, thence south 13 degrees 27' W' 800.00 feet to a point, thence south 76 degrees 23' E, 579.93 feet to a point, thence south 180 degrees 06' W, 265.84 feet to a point on the northerly side of Hartford Avenue, thence South 79 degrees 50' E. along the northerly line of said Hartford Avenue, 20.19 feet to the point of beginning, containing 14.81 acres. The above described premises shown on plan entitled "Town of Bellingham, Water Department, Bellingham, Massachusetts, February, 1959", said site to be used for the construction of gravel packed well to be employed in the operation of the Town Water Supply System, or act to do anything in relation thereto.

(By Water Commissioners)

ARTICLE 26. To see if the Town will vote to accept the provisions of Chapter 80 Massachusetts General Laws relating to Betterment Assesment or act to do anything in relation thereto.

(By Finance Committee)

ARTICLE 27. To see if the Town will vote to adopt the following as Section Three (3) of Article IX of the Town By-Laws:—"That any board or officer in charge of a department of the Town may, with the approval of the Selectmen, sell any personal property of the town within the possession or control of the department which has become obsolete or is not required for further use by the department, or trade the same in part payment for replacements for which funds have been provided."

(By Town Council)

ARTICLE 28. To see if the Town will vote to amend Article V of the By-Laws by adding the following section:

Section 5. Public Administration Research Collection at the Public Library. There is hereby established, and there shall hereafter be maintained a public administration research collection at the Town's Public Library, the same to be under the supervision of the Library Trustee's, for the use of the town officers and committees, civic organizations and individual citizens of the Town engaged in research in matters pertaining to governmental and social problems, particularly as they relate to the Town of Bellingham. To the extent that the library department's facilities permit, it shall assist the members of the town meetings and any committee thereof in all matters requiring statistical research or fact finding in connection with studies ordered by the town meeting.

The Chairman of each temporary study committee established by the town meeting shall upon the termination of the existence and the work of his committee, deposit with the Library Trustee's the working papers and other material gathered or compiled by the committee in the course of its work. Subject to the approval of the Town Clerk and the requirements of Chapter 66 of the General Laws, The Library Trustee's may destroy so much of said working papers and material as has no substantial value; and the balance shall be deposited in the public administration collection.

The Town Clerk shall furnish the Town Library Trustee's with at least two copies of every publication issued by the Town and distributed through said Town Clerk's office; and any town department, board, commission or committee publishing a report not so distributed shall file at least two copies thereof with the Town Library Trustee's.

(By Town Council)

ARTICLE 29. To see if the Town will vote to amend Article V of the By-Laws by adding the following section:

Section 6. Except as the laws of the Commonwealth may otherwise require, the chairman of each building committee, or his designated representative, shall upon the termination of the existence and work of his committee: (1) provide the Town department which is to operate and maintain the building with a complete, corrected final set of plans of the finished structure, and shall relinquish to said department all papers guaranteeing the structure of any feature thereof, material used therein, or work done thereon; and (2) relinquish the remaining papers of said committee to the Town Library Trustee's for the purpose specified in Section 5 of this Article, including therewith an inventory indicating what papers, material and records were deposited with the

Town department specified. Subject to the approval of the Town Clerk and the requirements of Chapter 66 of the General Laws, the Town Library Trustee's may destroy so much of the material relinquished to the Library as has no substantial value; and the balance of such material shall be deposited in the public administration collection.

(By Town Council)

ARTICLE 30. To see if the Town will vote to amend the Town By-Laws by adding the following Article and Section:

Article X Police Regulations

Section 1. No person shall own or keep in this Town any dog which by biting, barking, howling, or in any other manner disturbs the peace or quite of any neighborhood or endangers the safety of any person.

(By Town Council)

ARTICLE 31. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 2. No person shall, without the license of the Board of Health, throw into, or leave in, or upon any street, court, square, lane, road, public square, public enclosure, pond or body of water, or vacant lot within the limits of the Town, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, waste water, rubbish or filth of any kind, or any refuse, animal or vegetable whatsoever.

(By Town Council)

ARTICLE 32. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 3. No person shall linger, continue to sit, stand, or occupy any part of the public street, public place, public building, or any property not his own or under his control, so as to obstruct or impede the free passage of or in any manner annoy or disturb any other person, after being directed by a police officer to move on.

(By Town Council)

ARTICLE 33. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 4. No person shall fire or discharge any firearm or other explosive articles within the limits of any park, playground, public way, public building or other public property except with the consent of the Board of Selectmen, or hunt or fire or discharge any firearm or other explosive articles on any private property except with the written consent of the owner or legal occupant thereof. This By-Law shall not apply to the lawful defense of life, property, or to any law enforcement officer acting in the discharge of his duties.

(By Town Council)

ARTICLE 34. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 5. No person shall collect, deal in, or keep a shop for the purchase, sale or barter of junk, old metals or second hand articles within the limits of the Town, unless licensed by the Board of Selectmen.

(By Town Council)

ARTICLE 35. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 6. The Highway Superintendent may, for the purpose of removing or plowing snow, or removing ice, from any way, remove or cause to be removed to some convenient place, including in such term a public garage, any vehicle interfering with such work, and impose liability for the cost of such removal, and of the storage charges, if any, resulting therefrom, upon the owner of such vehicle.

(By Town Council)

ARTICLE 36. To see if the Town will vote to amend Article X of the By-Laws by adding the following section:

Section 7. Whoever violates the provisions of any section of this article except section 5 and 6 shall be punished by a fine not exceeding twenty dollars for each offense.

(By Town Council)

ARTICLE 37. To see if the Town will vote to amend the Town By-Laws by adding the following Article and sections:

Article XI Public Carriages

Section 1. The Board of Selectmen may license hackney carriages or motor vehicles for the conveyance of persons for hire from place to place within the Town, and they may revoke such licenses at their discretion, and a record of all licenses so granted or revoked shall be kept by the Selectmen.

Section 2. No person shall set up, use or drive in the Town any unlicensed hackney carriage or motor vehicle for the conveyance of passengers for hire from place to place within the Town under a penalty not exceeding twenty dollars for each offense.

Section 3. Licenses shall expire on the thirtieth day of April next after the date thereof, and shall not be transferred without the consent of the Board of Selectmen indorsed thereon. For each license the sum of two dollars shall be paid to the Town Treasurer for the use of the Town. A license so granted shall become void if the applicant neglects or refuses to take out and pay for his license within ten days after notice that it has been granted.

Section 4. The Selectmen may grant to the holder of a license under the preceding sections of this article a license to use a certain

portion of a public way as a carriage stand for the solicitation of passengers for hire and no person shall use any portion of any public way for such purpose without such license. Any person who violates any of the provisions of any section of this article shall be punished by a fine of not more than twenty dollars for each offense.

(By Town Council)

ARTICLE 38. To see if the Town will vote to amend the Town By-Laws by adding the following Articles and Section:

Article XII Capital Improvements Committee

Section 1. A committee to be known as the CAPITAL IMPROVEMENTS COMMITTEE shall be established, composed of two members of the Town Finance Committee appointed by and from it, one member of the Town Planning Board appointed by and from it, Town Treasurer, Town Accountant and two additional members to be appointed by the moderator. One Moderator's appointment shall be for one year. The other Moderator's appointment and future replacements by the Moderator shall be for two year terms, except when filling vacancies. Any vacancies shall be filled by the original appointing authority for the balance of the year in which the vacancy occurs. No person who is an elected officer of the Town or a member of any board or commission of the Town, or an appointive employee of the Town shall be appointed by the Moderator. All appointments are to be made each year immediately following the final adjournment of each annual Town Meeting.

Section 2. The Capital Improvements Committee shall choose from its members a chairman and secretary, shall regulate its proceedings and shall serve without pay.

Section 3. The committee may employ clerical or other assistance, to be paid from such funds as the Town may appropriate for the use of said committee.

Section 4. Capital Improvement is to be defined as "A physical betterment or item of equipment having a cost of \$5,000.00 or more or the purchase of land".

Section 5. The Capital Improvements Committee shall study and schedule capital improvements covering a period of at least six years, based on a system of fiscal guidelines and priorities. The Committee shall make recommendations on all Capital Improvements brought before the town meeting, indicating approval or not, and proposed method of financing.

Section 6. The Selectmen, and all boards, committees, heads of departments or other officers of the town authorized by law to expend money shall furnish to the Capital Improvements Committee before November 1 detailed estimates of the amounts necessary for Capital Improvements for the departments under their jurisdiction for the following six years. A capital improvement item may not be voted at any

regular or special town meeting until it has been presented in written form to the Capital Improvements Committee.

Section 7. The committee shall annually prepare a Capital Improvements Program to include at least the anticipated six year schedule of capital improvements and recommendations for action for the following year. The committee shall reproduce such report by February first each year and shall submit it to the Finance Committee, and deposit the original with the Town Clerk. Copies shall be available on request.

(By Planning Board)

ARTICLE 39. To see if the Town will vote to raise and appropriate a sum of money for the Capital Improvements Committee expenses, or to do anything in relation thereto.

(By Planning Board)

ARTICLE 40. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing drainage on Cross St., or act to do anything in relation thereto.

(By Petition)

ARTICLE 41. To see if the Town will vote to raise and appropriate a sum of money to re-surface Summer Street, a distance of 400 feet by 30 feet wide, or act to do anything in relation thereto.

(By Petition)

ARTICLE 42. To see if the Town will vote to raise and appropriate a sum of money for the purpose of surfacing 650 ft. of road on Stone Street, or act to do anything in relation thereto.

(By Petition)

ARTICLE 43. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing 295 feet of 6 inch C. I. Pipe Class 150 on Arrowhead Road, or act to do anything in relation thereto.

(By Petition)

ARTICLE 44. To see if the Town will vote to accept a section of Indian Run Road said section to be 50 ft. wide and running for a distance of 950 ft. from Cranberry Meadow Road to the Blackstone Town line, or act to do anything in relation thereto.

(By Petition)

ARTICLE 45. To see if the Town will vote to raise and appropriate a sum of money to surface 950 feet on Indian Run Road, or act to do anything in relation thereto.

(By Petition)

ARTICLE 46. To see if the Town will vote to raise and appropriate the sum of money of \$9452.50 for water main on Lake Shore Drive for a distance of 1400 feet, from Scott Hill Blvd. to the end of property of Mr. Jean Daniels, or act to do anything in relation thereto.

(By Petition))

ARTICLE 47. To see if the Town will vote to raise and appropriate a sum of money to install 350 ft. of water mains on Elm Street from 6" A. C. existing main to Blackstone Town line, or act to do anything in relation thereto.

(By Petition))

ARTICLE 48. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing drainage from the existing drains on corner of Mansion St. and Harpin St. to existing drains on property of Albert Benoit, Lowland St., or act to do anything in relation thereto.

(By Petition))

ARTICLE 49. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing 2,350 ft. of sidewalk on Depot Street, from Rose Avenue to Mendon St., or act to do anything in relation thereto.

(By Petition))

ARTICLE 50. To see if the town will vote to raise and appropriate a sum of money to construct 2,200 ft. of sidewalk from Monique Drive to No. Main St., or act to do anything in relation thereto.

(By Petition))

ARTICLE 51. To see if the Town will vote to raise and appropriate a sum of money to construct 2,650 ft. of sidewalk on Mendon St., or act to do anything in relation thereto.

(By Petition))

ARTICLE 52. To see if the Town will vote to raise and appropriate a sum of money for the purpose of installing 2,225 ft. of sidewalks on Blackstone St., or act to do anything in relation thereto.

(By Petition)

And you are directed to serve this Warrant, by posting up attested copies in at least one public place in each Precinct in said Town, Fourteen days at least before the time of holding said meeting, in accordance with town by-laws. Thereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and

place of meeting, as aforesaid. Given under our hands this 19th day of January in the year of Our Lord One thousand nine hundred and sixty-six.

Curb Boxes — repaired & replaced	28
Hydrants — repaired	21
Hydrants — replaced (broken by accident)	3
Stations No. 1-2-3-4 (Flow charts) changes daily	365

Storage Capacity

Construction of our new standpipe on Chestnut Street was completed in July 1965. Water analysis contents was approved by the Mass. Dept. of Public Health and has been in operation since.

The new standpipe capacity is 1,500,000 gallons and the old standpipe on So. Main Street has a capacity of 500,000 making a total storage capacity of 2,000,000 gallons thus assuring better fire protection for the Town.

WATER CONSUMPTION

The problem of water supply for today and for the future is serious.

Water is becoming increasingly more important to the public, but the public is reluctant to recognize this fact. Lavish use of water is costly and any flat rate system produces lavish use. This can be controlled only by water measurement.

METERING EQUITABLE METHOD

Meters are now in use or are being installed in almost every city and town in this country, and their use will soon be practically universal.

The purpose of metering is not to reduce the use of water but merely to prevent unreasonable waste, and meters do wage war on waste most effectively.

Metering all services will put the community on an even basis so that no one may use more water than another for the same price. You pay for what you get and no more.

Many communities have been able to postpone expansion programs after installing meters, because consumption dropped to a range easily handled by present facilities.

IN CONCLUSION

It is for this reason that I point out the importance of accurate metering as a valuable tool in conservation.

Although the program is essential to the future of the Town, wisdom and patience is required to "sell" the idea to many divergent groups.

Good water costs money. It's worth it.

In closing I wish to thank the members of the Board and all town officials and department heads for their cooperation and assistance during the past year.

As I am concluding my duties as Water Superintendent effective January 1, 1966. I want to express my very sincere appreciation for the privilege of having served the Townspeople as a former member of the Board of Water Commissioners for ten years, and as Superintendent of water for seven years, which I am relinquishing.

It has been a wonderfully satisfying experience which I shall always cherish.

Respectfully submitted

ARTHUR AYOTTE

Superintendent of Water

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1965.

The following were checked and sealed.

Counter scales less than 100 lbs.	35
Gasoline pumps	57
Vehicle tanks	6
Metric weights	2

All scales and gasoline pumps were satisfactory, while one vehicle tank to be adjusted before sealing.

Respectfully submitted,

SERIGIO ROTATORI

Sealer of Weights and Measures

REPORT OF THE FIRE AND FOREST FIRE DEPARTMENT

To the Honorable Board of Selectmen:

As Chief of the Fire Department and as Forest Fire Warden, I hereby wish to submit the following combined report for the Fire and Forest Fire Departments and the Ambulance-Rescue Division.

The alarms answered by the above mentioned departments are as follows:

FIRE DEPARTMENT

Building Fires	22
Auto & Truck Fires	9
Miscellaneous	19
Dumps	5
Wash Downs	7
Mutual Aid	1
False Alarms	5

FOREST FIRE DEPARTMENT

Woodlands	6
Grass & Brush	113
Mutual Aid	1
False Alarms	4
	<hr/>
	124

AMBULANCE-RESCUE DIVISION 267

The number of calls answered by the Fire and Forest Fire Departments during the year of 1965 show a decrease of approximately 10 percent under that of 1964. There was, however an increase of 16 percent in the number of Ambulance-Rescue calls. This figure is increasing rapidly each year.

The Rescue Wagon is now eleven years old and the Ambulance is four years old. Some thought should be given to the purchase of a new ambulance.

I wish to thank all the officers and men of the three stations and the officers and men of the ambulance and rescue for their splendid cooperation. These devoted men are on call for any emergency twenty-four hours per day, whether it be for fire or ambulance service. These underpaid servants devote much of their free time to practice and drill session without pay in order that they may be best prepared for any emergency that might arise.

The new Police-Fire Station should be accepted prior to the Annual Town Meeting. This building has given the Fire Department more floor space and the necessary equipment to start a fire alarm system that should eventually cover all sections of the Town.

The new 750-gallon pumper should be in operation before the Annual Town Meeting convenes. This will definitely improve and increase the efficiency of the Fire Department.

The Highway and Water Departments have been most cooperative in keeping the Fire Department informed of all highway and hydrants under repairs.

To the Honorable Board of Selectmen, I wish to express my sincere thanks for their cooperation, understanding and assistance that has been given to the three divisions that come under the jurisdiction of the Fire Department.

Respectfully submitted,

PETER KORNICKI

REPORT OF THE FINANCE COMMITTEE

To the Honorable Board of Selectmen:

The Finance Committee wishes to thank all the Town Departments for their cooperation this past year and for the prompt submission of their 1966 Budgets for our consideration.

We congratulate the Planning Board for the initiation of a "Capital Expenditures Committee". This committee was recommended in the Finance Committee Report in the 1964 Town Report.

The Finance Committee also feels that the Town should enact a Betterment Assessment Plan. Under such a plan the cost of improvements would be shared by the Town and the abutters. We feel that improvements such as water mains extensions, sewage, road improvements and sidewalks should be paid for by this means of assessment.

We suggest the townspeople bear in mind that in the near future the Town should install water meters. Statistics seem to prove that towns which have installed meters have reduced their water consumption by 30 to 40%. We feel that this would help relieve the water shortage we are faced with each summer and also to help the Water Dept. to become a self sustaining Dept.

The Finance Committee urges the townspeople to consider carefully all Special Articles on the 1966 Annual Warrant, especially those requesting money. The School Budget is up approximately \$185,000 over last year and if new building assessment does not meet this rise we can expect a substantial rise in the tax rate.

We again urge the townspeople to attend our hearings as this is where the recommendations are made for spending your tax dollars and where a better understanding of how our town operates can be had.

We also urge the townspeople to attend the Annual Town Meeting in March to transact the business of the Town.

DOLORES MARTEL

REPORT OF THE BOARD OF SELECTMEN

AND THE BOARD OF HEALTH

Following the Annual Election in March the Board reorganized and Joseph R. Scolavino was elected Chairman.

The various positions filled by appointments of the Board are listed elsewhere in this book.

The following action was taken by the Board in the various departments under our direction.

General Government:

The Boards requested that the Town Clerk conduct the state decennial census. This was done under the direction of Mr. Trudeau and our population was certified as 10,604 on January 1, 1965. This was an increase of 3,830 since 1960.

General maintenance consisting principally of painting was completed at Town Hall, North Community Building and the Lyndon Murray Memorial Building. An electric water fountain was installed at Town Hall.

House numbering was continued under the direction of Ralph H. Baisley.

We direct your attention to the report of Town Council for information regarding legal actions against and on behalf of the Town.

The Little League Baseball Diamond between the schools on Harpin Street was named in memory of Archille E. Trottier, former Chairman of the Board of Appeals and former Clerk of the Board of Selectmen.

A three member committee was appointed to survey the possibility of unifying the various telephone exchanges serving the Town. The Telephone Company proposed a plan which would have helped to reduce rates for Town residents. However, the plan was defeated when subscribers outside of Bellingham voted against it. The committee remains active and it is hoped that a new and more acceptable plan will soon be accepted.

The bounds were marked along the Bellingham-Mendon Town line.

A five member committee was appointed to investigate the possibility and advisability of establishing a Housing Authority in Bellingham. This had been authorized under Article 17 of the 1963 Annual Town Meeting. The committee reported its findings to Town Meeting October 27th. and it was voted under Article 8 of the same meeting to establish a Housing Authority.

Protection of persons and property.

The construction of the Fire-Police Station was substantially completed during the year. The Police Department Office was moved from Town Hall to the new building. Station two of the Fire Department is now located there as is the rescue truck.

Members of the Police Department gained Civil Service Status during the year. This was after the results of examinations given during 1964 were announced.

The Board adopted rules and orders for the regulation of traffic upon the streets and highways. These will become effective after being advertised in early 1966.

Two new Police Cruisers and additional Fire Engine were placed on order and are scheduled for delivery early in 1966.

The Board put a new Electrical Inspection Fee Schedule into effect.

At the suggestion of the Bureau of Accounts the Board abated certain outstanding Ambulance Rescue Accounts Receivable.

Highways:

Additional space for the Highway Department vehicles and workshop became available when the Fire Department vehicles were moved to the new station.

With permission from the Town Meeting the Board received bids and sold a 1928 Warco Highway Grader for \$62.00.

A side walk snow plow was purchased and a truck was placed on order. A new automatic sander was also purchased.

The entire length of Route 126 from the Medway Town Line to the Blackstone Town Line was painted with a center line to assist traffic flow.

It is planned to continue Chapter 90 work on Blackstone and Center Street during 1966.

Numerous street lights were installed as authorized by the Town Meeting and in several heavily traveled areas the Board has had more powerful lights installed.

For the convenience of the Townspeople we are including the By-Laws and Zoning By-Laws of the Town in this Town Report.

The Board would like to extend its sincere thanks to the many Town Officials and Citizens who assisted in so many ways during the past year.

Meeting of the Board are held weekly at 8:00 P.M. on Monday. All Townspeople are cordially invited and encouraged to attend these meetings.

Respectfully Submitted,

JOSEPH R. SCOLAVINO, Chairman

LEOPOLD CAYA

DAVID L. TUTTLE, JR.

Board of Selectmen and

Board of Health

REPORT OF THE SUPERINTENDENT OF THE STREETS AND HIGHWAYS

To the Honorable Board of Selectmen and to the Citizens of Bellingham

CHAPTER 81

All necessary repairs such as cleaning catch basins, drain pipes, culverts, water ways, patching, scraping and graveling, cutting brush, mix in place was done under CHAPTER 81 covering a total of 62 miles of accepted roads and highways. All work was done as per agreement between the Board of Selectmen and the State Engineers.

CHAPTER 90 MAINTENANCE

Two sections of North Main Street (126) were resurfaced with type "C" asphaltic road mix a total of 0.95 miles about 15,000 sq. yards.

CHAPTER 90 CONSTRUCTION

The base and finish Type I laid on Center Street and another 1,000 ft. section of Center Street started in 1965 all work done as per agreement with the Board of Selectmen and the State Engineers at District No. 6 office Taunton.

HIGHWAY SAND CLEANING

Sand was removed from many of the main streets in town but not enough money was available to do all that was necessary.

BRIDGES AND RAILINGS

Railings repaired and replaced on North Main Street, South Main Street, Pulaski Boulevard, Park Street, Maple Street, and Farm Street over passed year. Also all bridge pilings were inspected by this Department by boat and found to be in good condition.

SIGNS AND GUIDEBOARDS

Many signs and guideboards replaced this year but the need exists for a complete program of new signs and guide posts.

TRENTON STREET DRAINAGE

660 ft. of 12 inch concrete pipe, catch basins and 1 manhole were installed starting from the corner of Cabot Street to Central Blvd. on Trenton, and from Trenton St. to the existing drains of Pulaski Blvd.

NORFOLK STREET DRAINAGE

500 ft. of 12 inch concrete pipes and 2 catch basins were installed on Norfolk Street, starting at a low point in front of the home of Robert Fleurette to the existing drains on said street.

OSWEGO STREET IMPROVEMENT

550 ft. of 12 inch concrete pipe, 3 catch basins and 1 manhole were installed on Oswego Street running all the 550 ft. accepted by the Town. Oswego Street was brought up to grade with gravel and sealed with MC 800.

SPRING STREET DRAINAGE

440 ft. of 24 inch concrete pipe was installed along with 2 manholes and headwall to complete drainage and improve level of Pumpkin Pond.

SNOW AND ICE CONTROL

The Highway Department handled 4 plowing storms and 18 sanding storms in the year of 1965. Picking up of snow was carried out where possible.

I recommend that the town give some serious thought to the buying of a street sweeper, a catch basin cleaner, a small front end loader and backhoe combined, and I believe that the purchase of 3 or 4 plows to equip our own trucks would save the town a considerable amount of money and would enable the Highway Department to perform their duties more efficiently and economically.

I wish to thank the Board of Selectmen, the Police Department, the Fire Department, the Civilian Defense, the Water Department, and the County Engineers for their splendid cooperation received this year. I would also like to thank the employees of the Highway Department for their devotion to duty, for the time I served this year as Highway Superintendent.

Respectfully submitted,

GERARD L. DAIGLE

Superintendent of Highways

TOWN ACCOUNTANT'S REPORT FOR THE YEAR 1965

To the Honorable Board of Selectmen and
the Taxpayers of Bellingham:

The annual Report of the Accounting Department is herewith submitted.

It comprises a Statement of Receipts, Appropriations, Transfers and Expenditures; also a Trial Balance showing balances carried forwarded to 1966, and a Balance Sheet showing the financial condition of the Town as of December 31, 1965.

The portion of Surplus Revenue certified by the Director of Accounts, as available funds (Free Cash) as of January 1, 1966 is \$104,982.50, which may be used by the Town during 1966.

To all those who extended me their cooperation during the past year, I express my sincere appreciation.

RUSSELL A. HAMMOND

Town Accountant

 Monday, February 21, 1966 thru Friday, February 25, 1966
 Monday, April 18, 1966 thru Friday, April 22, 1966

AGE OF ADMISSION TO SCHOOL

Any child who becomes six years of age on or before January 1st of the year following the term when he wishes to enter school may be admitted into the first grade. In every case the admission of a child under six shall be dependent upon availability of space and the fitness of the child to profit by the work of the school, such fitness to be determined by the superintendent. Pupils under seven years of age who have not previously attended school shall not be permitted to enter later than thirty days after the opening of school in September.

NO SCHOOL SIGNAL

The no-school signal will be broadcast at approximately 7:00, 7:15 and 7:30 over WWON in Woonsocket, also before, during or immediately after news broadcasts over WBZ, WMRC, and WNRI.

In the event that schools do not close on any particularly bad day (rain, snow, cold, or other severe weather) parents are requested to use their own judgment in regard to sending their children to school.

FINANCIAL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Bellingham School Committee:

This has been a very exciting and fruitful year, in that great strides have been realized in both horizontal and vertical education. Horizontally, we have broadened our educational offerings and vertically we have re-established and explored more deeply the vast depths of academic and factual bodies.

Thus, in this our seventh annual report, we shall attempt to convey to you the highlights of public school endeavors in our pursuit of excellence in education.

Not unlike so many other communities our school population continues to grow. This of necessity demands that prudent use of our existing facilities becomes even more important and further study be given to expansion of physical plants.

Fortunately, but not too soon, our new Elementary school in the Wethersfield complex we are told, will be ready for occupancy in September of 1966. Its occupancy will eliminate two platoon sessions at the elementary level.

We call your attention to the projected enrollment which follows. These estimates will not only justify the need for our new Elementary school, but also will point up the necessity for a hard look at future needs. We are heartened by the fact that the School Committee is to sponsor an article in the town warrant that gives heed to our call in past reports for such an article.

Actual and projected enrollment, 1960 - 1970

Oct. 1	Grades 1-6	Grades 7-8	Grades 9-12	Sped	Total
1960	605	212	248		1065
1961	667	218	304		1189
1962	746	202	392		1340
1963	872	230	438		1540
1964	1008	288	547	16	1859
1965	1143	318	609	18	2088
1966	1275	333	689	30	2327
1967	1432	372	760	30	2594
1968	1592	413	819	30	2854
1969	1714	474	899	30	3144
1970	1940	609	971	30	3550

On October 1, 1965 our annual distribution of minors census was taken. The results further strengthen the thinking expressed in our previous paragraph relative to our examination of future physical plant needs.

Summary:

	5 years or over and under 7	7 years or over and under 16
Boys	356	1125
Girls	368	1079
Totals	724	2204
Distribution of Minors		
In public school membership	320	1557
In private school membership	150	643
Not enrolled in any school	254	4
	724	2204

Our enrollment as of October 1, 1965 reached a new high with 2088 students enrolled. Enrollment by grades follows:

Grade 1 240	Grade 7 158
Grade 2 233	Grade 8 160
Grade 3 189	Grade 9 199
Grade 4 161	Grade 10 167
Grade 5 172	Grade 11 134
Grade 6 148	Grade 12 109

There were 18 enrolled in our special education class.

It should be noted here that our New Junior - Senior High school has reached approximate capacity. Unless a class is withdrawn from this building in September of 1966 we anticipate an enrollment of more than 1100 students, which will far exceed the capacity of this building.

The following members of our staff left us at the completion of the school year 1964 - 65:

Ronald W. Barney	Elizabeth M. McLoughlin
Sadie W. Bliss	Robert H. McMenemy
Clark Brennan	Patricia C. Moran
Beverly A. Chalfin	Kenneth J. Najjar
Carol A. Daboul	Norma A. Regan
Carolyn Dodd	Frances T. Roberts
Francis J. Flynn	Jeanne Rogers
David P. Hayes	James F. Ryan
Marjorie M. Holland	Barbara A. Swift
Reynolds J. Lillibridge	Gerard E. Tetreault

It is to be noted that our staff turnover is less than that regarded as state average turnover, viz. 15%. Bellingham's turnover is approximately 13%.

The following changes took place for the school year 1966 - 67: Gerard Frappier from High school teaching staff to Vice-Principal. Joseph F. DiPietro from High school teaching staff to Guidance Counselor.

Donald J. Flebotte, Principal of Memorial High school has assumed the additional responsibility of Principal of South school.

The following have been engaged either to replace others or to satisfy the need for teachers because of increased enrollment or improved horizontal and vertical education mentioned previously:

Eileen Hennessey	Thelma Ambler
Patricia Iseman	George Anderson
Linda Johnson	Jeanne Andreotti
Lorraine Kelly	Jane Bartnick
Judith MacPhetres	Arthur Belanger
Judith Mahan	Helen Brann
Patricia Mansell	Susan Briggs
David Milligan	Janet Brink
Ann Minahan	Joseph Brown
Helen Pierce	Wanda Carlisle
Karen Poikonen	Barbara Carrachino
Francis Reardon	Robert Cunha
Ruth Robidoux	John Dalton
Thomas Scanlon	Joseph DeLellis
Judith Shah	Lawrence Driscoll
Carol Sullivan	Stephen Foster
Helene Sullivan	Eileen Greenberg
Linda Swerling	Meredith Halstead

We have experienced the need for additional staffing on a part time basis in music and art. Both these areas of the humanities have great significance in our modern day curriculum. In music, we have established as our goals - a love for music, development to some degree in performance of music, and quality in performance as well as in listening. In art we observe that the eye sees, the mind records, and the hand obeys. It is important to strengthen this process in each child. The student becomes more aware of his surroundings (the eye sees), he un-

derstands his environment (the mind records), and he re-enforces his knowledge by direct communication (the hand obeys).

In both these courses, as well as all others, we try to motivate the student through a variety of media and hope to bring out the potential and individuality of each student

We recognize reading as a "tool" subject. Success in reading is a measure of success in all other subject matter areas. For the student, reading is a key to success in school, to the development of out of school interests, to the enjoyment of leisure time, and to personal and social adjustment. Some students are confronted with reading problems which require the attention of a reading expert. Thus, we have engaged the services of a remedial reading instructor.

In addition to our reading readiness and reading achievement tests, an organized extensive testing program is in effect in grades one through twelve. Intelligence tests are administered in grades 1, 3, 5, 7, 9 and 10. Achievement tests are administered in grades 2, 4, 6, 8, 9 and 10. This is the minimum program. Other tests are administered as needs require. In grade 11 is administered the Preliminary Scholastic Aptitude Test, the National Merit Scholarship Qualifying Test, and the Test of Academic Prowess. In grade 12 is administered the Preliminary Scholastic Aptitude Test, the Scholastic Aptitude Test, Achievement Test and the National Merit Scholarship Qualifying Test.

During the past year we have grown academically in depth (vertical education) and in width (horizontal education). To present testimony to this fact, the following summary comparing the year 1963 with 1965 in a few subject matter areas is herein submitted. The grades involved are 9 through 12.

	1963	1965
English	12 offerings	22 offerings
Languages	9	20
Mathematics	8	19
Science	8	19
History	12	18
Business Education	15	24

In 1963 there were 30 courses and services offered our students. In 1965 there are 56 courses and services offered our students. In 1965 alone there are 25 additional courses and services offered our students-- included was the opening of our wood and metal shops in September of 1965.

It can now be said that our High school program has a high degree of holding power. Our course offerings are indeed flexible and extensive and our qualified staff energize their worth. Our system has the kind of diversified program that causes pupils to be "drop ins" rather than "drop outs". Our pupil drop out in 1965 in grades 7 - 12 was 5% which is considerably below both State and National averages.

All our teachers have taken at least one professional improvement course in the past three years. Many have attended conferences, seminars and meetings at after school hours. We are proud of our staff and its accomplishments.

In order to strengthen our curriculum and coordinate its direction in a special manner, a curriculum coordinator was appointed in September of 1965. The major function of this office is to assume the responsibility of working with teaching, administrative and supervisory staff (and citizens) in a continuous program aimed at raising the quality of instruction. This is to be accomplished by way of these steps: a. Development, b. Improvement and c. Co-ordination of curricula of system. The curriculum coordinator will serve as a resource person, developing materials, utilizing community resources, fully developing sound curriculum, and being concerned with planning procedures.

Much has been accomplished in this direction. The most significant project of our High school administration and coordinator is curriculum revision and self-evaluation in anticipation of evaluation by the New England Association of Colleges, and Secondary Schools. This is a long term project and it is hoped that all can be accomplished in no more than three years.

On Sunday, June 6, 1965, Bellingham held its first outdoor graduation exercises. This was our 27th graduating class and our largest with 94 graduates. It was a very colorful and memorable event. A large percentage of these graduates have gone on to further their education in a formal way. The program follows:

PROGRAM

Processional	Class of 1965
Invocation	Rev. Mildred Palmer
Salutatory	Linda Joanne Mostek
Beguine Festival	School Band
	John G. Clegg, Director
Awarding of Prizes	Anthony C. Minichiello, Superintendent

SCHOOL COMMITTEE

John E. Tuttle, Chairman

Atty. Lee G. Ambler

Richard C. Hill

Dr. Jean B. Petrin

Joseph F. Spas

In the fall of the year we inaugurated another first for our school system — Evening Adult Education. Fourteen courses were offered with an average class size of 22 students. Three hundred and twelve people were enrolled.

We now have a revised and an up to date method of reporting to parents the progress of their children in a new report card for grades four through twelve with four marking terms.

We are also mindful of our responsibility regarding the health and welfare of our pupils. Pupils in grades 1, 4, 7 and 11, together with all participating in athletics, were administered physical examinations. Personnel of the Norfolk County Health Association made available tuberculin tests to pupils in grades 1, 7 and 11. All pupils were given vision and hearing tests. In addition to their many other duties, our health department inspected at the Elementary level alone, 750 pupils, held more than 100 teacher conferences, and made 110 home visits as well as giving attention to minor injuries.

In summary may we restate:

1. Bellingham has improved its curriculum both in depth and enrichment.
2. Our testing program is truly coordinated.
3. A record class was graduated.
4. Our drop out rate has reached a new low.
5. Our enrollment has reached a new high.
6. A new report card has been adopted.
7. We are moving in the direction of membership in the New England Association of Colleges and Secondary Schools.
8. Evening Adult Education has been established.

Our greatest needs:

1. Continued evaluation and coordination of curriculum.
2. Exert every effort to acquire membership in the New England Association of Colleges and Secondary Schools.
3. Appointment of a committee to study future school housing accommodations in light of our projected enrollment and trends.

We are most cognizant of the fact that our improved program, and our hope for future growth and improvement, requires the continued understanding and support of our citizenry. It can be said that we either take it out of our pockets or out of our children. We are encouraged by the fact that you have chosen to follow the path of the former.

We believe that 1965 can be recorded as a milestone year. If we were prone to forecasting we would decree that our system is good now — will get better.

We acknowledge the dedication and loyalty of our staff. We appreciate the efforts, cooperation and dedication of purpose of, the School Committee and the several town departments with whom we come in contact almost daily. We further recognize the efforts of the Parent-Teacher Association, Building Committees, the Lions Club and other civic organizations.

Respectfully submitted,

ANTHONY C. MINICHIELLO

Superintendent of Schools

ANNUAL REPORT

of the

BLACKSTONE VALLEY VOCATIONAL REGIONAL

DISTRICT SCHOOL COMMITTEE

for the

YEAR ENDING DECEMBER 31, 1965

Office	61 Church Street
	Whitinsville

Regular School Committee meetings are held at the Hopedale Junior-Senior High School on the first and third Thursday of each month at 7:30 p.m.

During the year of 1965 the Blackstone Valley Vocational Regional District School Committee held twenty-four regular meetings and six special meetings.

The following were elected to serve on the Blackstone Valley Vocational Regional District School Committee at their respective annual town meeting:

L. Wayne Gilley, Douglas	3 years
J. Gerard Sweeney, Mendon	3 years
William G. Holmes, Millbury	3 years
Edward S. Henderson, Upton	3 years
Herman Buma, Uxbridge	3 years

On April 1, 1965 the Regional School Committee members met to select their officers for the ensuing year. The following were elected:

Matthew C. Krajewski, Chairman

James E. Kellett, Vice-Chairman

Charles D. Peckham, Secretary

Arthur C. Young, Treasurer

Kevin R. Sherin, Legal Counsel

On January 21, 1965 the Blackstone Valley Vocational Regional District School Committee voted to authorize the School District attorney to take the necessary steps to acquire the Voss property on Pleasant Street in West Upton for the site of the new Regional Vocational Technical High School.

The architectural contract with the Wendell T. Phillips Associates of Milford, Mass. was approved by the Regional School Committee on February 18, 1965.

The Emergency Finance Board of the Commonwealth of Massachusetts authorized the Blackstone Valley Vocational Regional School District to borrow the sum of \$1,200,000 for the construction of the regional vocational school on January 22, 1965.

In March, Mr. Charles E. Burnham the Committee member from Hopedale resigned after having faithfully served the Blackstone Valley Vocational Regional School District for four years. The Committee regrets that the pressure of other business necessitated Mr. Burnham's decision to resign, but his substantial contribution to the work of the Committee over the years is greatly appreciated. Mr. Harrison N. Thibault was appointed by the Board of Selectmen of Hopedale to serve for the balance of Mr. Burnham's term.

Final plans for the Blackstone Valley Vocational Regional School were approved by the Committee on April 26, 1965.

On May 6, 1965 Mr. Paul G. Bazinet of Grafton was selected by the Committee as the Clerk of the Works for the regional school.

On May 20, 1965 the site development contract in the amount of \$103,184. was awarded to Arthur Schofield, Inc., 265 Old Connecticut Path, Wayland, Mass.

The outstanding event of the year occurred on May 25, 1965 when the ground breaking ceremonies were held at the school site in West Upton. Mr. James Kellett, Chairman of the Ground Breaking Committee, introduced Mr. Matthew Krajewski, Chairman of the District School Committee, who welcomed the large gathering.

The invocation was given by Rev. Richard Leonard of the Methodist Church in Douglas.

The principal address on this occasion was given by House Speaker John F. X. Davoren; other speakers were Paul J. Sullivan, Superintendent-Director; Mr. James Mullaney, former Chairman of the District School Committee; Mr. Matthew Krajewski, present chairman; and Mr. Walter J. Markham, Director of the Massachusetts Division of Vocational Education.

At the conclusion of Rep. Davoren's speech, the entire School Committee broke ground for the new building with thirteen gold-painted shovels.

The ceremonies were concluded with the benediction, given by Rev. Rene Julian, pastor of the Assumption Church in Bellingham.

On June 24, 1965 A. Mason & Sons, Inc., Thompson Rd., Webster, Mass. was selected as the General Contractor to build the Blackstone Valley Regional Vocational Technical School for the sum of \$1,464,184.

Due to the fact that the lowest bid for the construction of the school was considerably higher than expected, the Regional School Committee voted on June 24, 1965 to incur additional debt of \$475,000, making a total of \$1,675,000.

Approval of the additional indebtedness was received from the Emergency Finance Board of the Commonwealth of Massachusetts on July 28, 1965.

For the first time in the history of vocational education Federal money was made available for the construction of a vocational school when a grant of \$55, 625 was made to the Blackstone Valley Regional Vocational Technical School. We have been assured by Mr. Walter J. Markham, Director of the Massachusetts Division of Vocational Education, that additional Federal funds will be made available as the construction progresses.

On October 21, 1965 the Massachusetts School Building Assistance Commission announced that a grant of \$93,925.40 was being made to the Blackstone Valley Vocational Regional School District for planning expenses.

Charles D. Peckham, the Secretary of the Regional School District since September 12, 1963, resigned on December 1, 1965. A party was arranged by the School Committee members for him as an expression of their appreciation for the fine service that he gave to the Regional School District over the last two years.

Mr. Arthur C. Young, our Treasurer, was elected Secretary by the Regional School Committee to serve for the balance of Mr. Peckham's term.

On December 1, 1965 the Regional School District offered for sale school bonds in the amount of \$1,675,000. The bonds were sold to the Hartford National Bank & Trust Company and Associates, the lowest bidder, at a price of 100.1699 with a 3.7 percent interest rate.

The construction of the Regional Vocational Technical High School has been progressing very satisfactorily with the exception of the structural steel and the bar joists. We have been most fortunate in having unusually good weather so far this fall and winter, with the result that the general contractor has been able to complete a much larger percentage of the concrete and masonry work than was expected. This has enabled the contractor to make up much of the time that has been lost due to the lack of steel. Fortunately, the missing steel did arrive at the very end of the year so that it will now be possible to go ahead more rapidly and unless some unseen event should occur, we will be able to start classes next September.

The Superintendent-Director has visited the schools in every town of the Regional School District to talk to the boys in the eighth grade about the aims and objectives of vocational education. In his talks the Superintendent-Director stressed the importance of having both a high school education and a vocational skill. He also described the vocational courses that will be offered next September and showed slides of a vocational school in operation. At the conclusion of the program, a brochure describing the school and applications were passed out to each boy. They were asked to discuss the matter with their parents, then to fill out the application if they were interested, and have it signed by their parents.

The response on the part of the boys and their parents has been tremendous. At the present time we have almost three hundred applications and more are being received every day.

During this year many problems have arisen which have been successfully solved by the Regional School Committee and all indications for the coming year point to the successful completion of the Regional Vocational Technical High School and the start of the long-awaited vocational training opportunities for the young men of the region.

Apportionment of Costs Incurred by the District**(A) Classification of Costs**

For the purpose of apportioning assessments levied by the District against the member towns, costs shall be divided into two categories: capital costs and operating costs.

(B) Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing and adding to buildings, and the cost of remodeling or making extraordinary repairs to a school building or buildings, including without limitation the cost of the original equipment and furnishings for such buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions and related premises in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes or other obligations issued by the District to finance capital costs.

(C) Apportionment of Capital Costs

Capital costs shall be apportioned annually in December for the ensuing year as follows:

- (1) Each member town's share of the capital costs incurred in connection with the construction, equipping and placing in operation of the initial district school building, including the payment of principal of and interest on bonds, notes or other obligations of the District to finance such capital costs, shall be determined by computing the ratio

which the sum of its public school male pupil enrollments in grades nine through twelve, inclusive, on October 1 of the three years next preceding the year in which the Committee votes to authorize the incurring of such capital costs bears to the sum of the public school male pupil enrollments in grades nine through twelve, inclusive, of all the member towns on October 1 of the same three years; and in the case of capital costs consisting of the payment of principal of and interest on bonds, notes or other obligations issued by the District, the ratio shall not be changed during the period in which such bonds, notes or other obligations are outstanding, except as provided in subsection VII (A). For the purpose of this clause (1) of Section (A) above, public school male pupil enrollments shall be defined as the number of male pupils in grades nine through twelve, inclusive, residing in each member town and receiving education at such town's expense.

Ratio is each member town's share of the capital costs.

Sum of all male pupils in grades 9-12 for the previous
3 years in each town

Ratio =

Total of all the male pupils in grades 9-12 for the previous
3 years in the district

Due to the fact that the \$1,675,000 bond issue was authorized in two different years (\$1,200,000 in 1964 and \$475,000 in 1965), it is necessary to calculate separate ratios for each of the two years. The following enrollment figures were used to establish the 1964 ratios.

**ENROLLMENT OF BOYS IN GRADES NINE THROUGH TWELVE
RECEIVING EDUCATION AT THE TOWNS' EXPENSE**

	Oct. 1,	Oct. 1,	Oct. 1,	3-Year	1964
TOWN	1961	1962	1963	Totals	Ratios
Bellingham	149	198	215	562	.08492
Blackstone	96	112	131	339	.05122

Upton	99	114	117	330	.04656
Uxbridge	206	226	243	675	.09525
Total	2196	2416	2475	7087	1.00000

CAPITAL COSTS - INTEREST

Interest on \$1,200,00 (1964) @ 3.7% = \$44,400

Interest on \$475,000 (1965) @ 3.7% = \$17,575

TOWN	1964		1965	
	Ratios	Interest	Ratios	Interest
Bellingham	.08492	\$ 3,770.45	.09313	\$ 1,636.76
Blackstone	.05122	2,274.17	.04925	865.57
Douglas	.03475	1,542.90	.03415	600.19
Grafton	.11741	5,213.00	.11415	2,006.19
Hopedale	.05561	2,469.08	.05164	907.57
Mendon	.02329	1,034.08	.02568	451.32
Milford	.17059	7,574.20	.16537	2,906.38
Millbury	.13462	5,977.13	.13193	2,318.67
Millville	.01299	576.75	.01369	240.60
Northbridge	.11952	5,306.69	.12530	2,202.15
Sutton	.05515	2,448.66	.05390	947.29
Upton	.04594	2,039.74	.04656	818.29
Uxbridge	.09399	4,173.15	.09525	1,674.02
Total		\$44,400.00		\$17,575.00

By combining the amount of interest on the \$1,200,000 bond issue with the amount due on the \$475,000 bond issue for each town and comparing this sum with the total interest due on both issues, we were able to calculate a combined ratio for each of the towns. From now on the combination ratio can be used in calculating each town's proportionate share of the capital costs until both bond issues have been repaid.

CAPITAL COSTS - TOTAL INTEREST ON \$1,675,000

Town	Combined		Excess	Net
	Ratio	Interest	Interest Revenue	Interest
Bellingham	.08725	\$ 5,407.21	\$ 1,630.47	\$ 3,776.74

Totals	1.00000	\$61,975.00	\$19,200.00	\$42,775.00	\$34,803.00	\$77,578.00

(D) OPERATING COSTS

Operating costs shall include all costs not included in capital costs as defined in section (B) above, but including interest on temporary notes issued by the District in anticipation of revenue.

OPERATING BUDGET FOR 1966

Administration	\$ 12,335.00
Instruction	78,065.00
Other School Services	14,600.00
Operation & Maintenance	14,300.00
Fixed Charges	4,440.00
<hr/>	
Total	\$123,740.00
Less Federal Grant	
(George-Barden)	26,591.66

*NET OPERATING EXPENDITURES \$97,148.34

*Every year, after the first year of operation, the Blackstone Valley Vocational Regional School District will receive a reimbursement from the Commonwealth equal to 50 percent of the net operating expenditures of the previous year. Consequently, the Regional District will eventually receive a reimbursement of \$48,574.17 from the State on the above expenditure of \$97,148.34.

(E) APPORTIONMENT OF OPERATING COSTS

In the event that enrollment in the regional district school has not been accomplished by October 1 of any year, operating costs shall be apportioned on the basis of the number of male pupils in grades nine through twelve residing in each member town on October 1 of that year and receiving education at such town's expense.

**ENROLLMENT OF BOYS IN GRADES NINE THROUGH TWELVE
